Groundbreaking book on the
intersection between
technology and nature.

Fascinating selection of
cutting edge projects in
architecture. To my
knowledge there isn't any
other book out there that is
discussing the merge between
architecture and landscape
architecture in this level
of detail and intention.

Groundwork

Groundwork: Between Landscape and Architecture maps an interdisciplinary trend over the past ten years of architects and landscape architects undertaking groundbreaking projects that propose an integration of landscape and architecture, dissolving traditional distinctions between building and site. The volume champions a unified practice of landscape and architecture that yields provocative designs that allow built structures and landscapes to perform as linked interactive systems that
