There seem to be a number of videos of FA GSG:s on YouTube but contacting the people who have built these guns isn't very easy. I've tried, without success. I'd prefer a select fire conversion, but a dedicated full auto conversion will be just fine as long as it operates from a closed bolt.

The purpose of this manual is to provide the necessary instructions and manufacturing data required for conversion of the Ruger 10-22, semi-automatic carbine, into a selective fire automatic unit.. When modified to the specifications given, the weapon retains its semi-automatic mode of operation and also allows fully automatic functioning by moving the selector lever into the proper position.
