The EVO Gipsy guitar is clearly aiming, although not limited to, the Manouche genre. This guitar inherits all the long tradition of Gypsy music. The use of 3 different wood aging steps combined with the open pore finish, make this instrument extremely lightweight and resonant. Solid Sitka Spruce top for tonal characteristics typical of the genre. The oval shaped rosette inspired by the EKO models of the 60s and the bridge, blends the typical Gypsy jazz sound with an acoustic taste.
