Off limits...and oh-so-tempting! Elise Johnson has more important things to concentrate on than men...saving her struggling ballet studio for starters! So when gorgeous Col Hillam-her brother's best friend-saunters back into her life, she's none too keen. He might be proposing a purely professional arrangement, but the last time they got carried away by their crazy attraction it ended in disaster! Col knows Elise is off-limits, but it only makes her more tempting... With chemistry this hot, surely that bro code is now null and void...?

Provides guidance on repairing the ignition, carburetors, fuel systems, rewind starters, electrical systems, and other parts of small gas engines

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

In this book, popular Fuji Rumors "X-Pert Corner" columnist Rico Pfirstinger teaches about the little-known capabilities of the X-T1, which he's discovered through months of in-depth research and experimentation with the camera. After a brief overview of the camera's basic functions, Rico cuts to the chase and provides a plethora of tips and practical instructions not found in the user's manual. With this knowledge, you will be able to fully exploit the capabilities of the X-T1. The Fujifilm X-series cameras have amazing features but may require an adjustment period for those new to using these cameras, even photographers who have been lifetime DSLR shooters. This guide will help you to quickly feel comfortable using your camera so that you can achieve excellent results. Topics covered include: Menu shortcuts Long exposures Firmware upgrades Hybrid autofocus system Auto and manual focusing Face detection Infrared imaging Film simulations Custom settings Burst mode Panoramas Movies Self-timer Flash Adapted lenses And much more... This book includes complete coverage of the camera's new firmware features that were introduced in December 2014.

FINALLY...a proven system that works! Knowing about these frustrations, one of the world's most respected dating coaches (and gentleman), Derek Cajun, took the task of developing a system that he could teach to any man to succeed online. The result is The Gentleman's Guide To Online Dating - a complete system for meeting, attracting and dating women online. The book stems from two years of research and applies the proven Love Systems approach that's revolutionized the way men meet women in nightclubs, shopping malls, coffee shops and social circles. Now we're bringing those cutting-edge techniques to the world of dating sites and Facebook. The techniques in the course are easy-to-learn and will give you immediate results and put you in the 5% of

men who get all the dates!

Now in its seventh edition, *Studying the Novel* is an authoritative introduction to the study of the novel at undergraduate level. Updated throughout to reflect the profound impact of e-reading and digital resources on the contemporary study of literature, the book also now includes a wider range of international examples to reflect the growing field of world literature. Providing a complete guide to studying the novel in one easy-to-read volume, the book covers:

- The form of the novel
- The history of the novel, from its earliest days to new electronic forms
- Realism, modernism and postmodernism
- Analysing fiction: narrative, character, structure, theme and dialogue
- Critical approaches to studying the novel
- Practical guidance on critical reading, secondary criticism, electronic resources and essay writing
- Versions and adaptations

Studying the Novel also includes a number of features to help readers navigate the book and find key information quickly, including chapter summaries throughout, a comprehensive glossary of terms and an historical timeline on the development of the novel, while annotated guides to further reading and discussion questions help students master the topics covered.
