This updated and revised edition has even more information to help you understand the complexities of boating accidents. In this edition are expanded chapters on boat accident reconstruction, an entirely new chapter on skipper responsibilities, and updated information recreational boating law. Whether you are a beginner or experienced litigator or any expert dealing with a boat accident, the information contained in this excellent resource will save you hours of research time hunting through less complete texts and online services.If you are a lawyer or an accident reconstructionist, this book will help you find appropriate data, analyze it, and determine cause in a boat accident. The book is a compendium of information useful in litigation dealing with activities in and on the water. The third edition of Boat Accident Reconstruction and Litigation covers everything from the way boats function to how they are designed. It introduces you to fluid mechanics and explains the numerous formulae and other methods used to analyze boat accidents. It even includes an extensive series of appendices of useful Coast Guard regulations and rules.

Combining engineering principles with technical rigor and a problem-solving focus, this textbook takes a unifying, interdisciplinary approach to the conservation laws that form the foundation of bioengineering: mass, energy, charge, and momentum. For sophomore-level courses in bioengineering, biomedical engineering, and related fields.

Joseph and George Anderson are once again back to match-making in the sixth book in The Billionaire Bachelors Series. Bree has had enough of over-protective brothers and a meddling father, so she decides to run to a small town, where she can prove she can make it on her own. The only thing wrong with that situation is there's a stalker after her, determined to make her his - or else end her life. George hires Chad, Mark's best friend and ex-Navy Seal to guard Bree. She is furious about her father sending her a babysitter. Sparks and bullets fly between Bree and Chad. Open the pages to find humor, love, mystery and so much more. Enjoy the newest book in the bestselling romance series "Billionaire Bachelors"

Once upon a time, fairies were the stuff of bedtime stories and sweet dreams. Then came the mutations, and the dre-ams became nightmares. Mosquito-size fairies now indulge their taste for human blood—and for most humans, a fairy bite means insanity or death. Luckily, Annabelle Lee isn't most humans. The hard-drinking, smart-mouthed, bicycle-riding redhead is immune to fairy venom, and able to do the dirty work most humans can't. Including helping law enforcement—and Cane Cooper, the bayou's sexiest detective—collect evidence when a body is discovered outside the fairy-proof barricades of her Louisiana town. But Annabelle isn't equipped to deal with the murder of a sixty-year-old girl or a former lover-turned-FBI snob taking an interest in the case. Suddenly her already bumpy relationship with Cane turns even rockier, and even the most trust-worthy friends become suspects. Annabelle's life is imploding: between relationship drama, a heartbreaking murder investigation, Breeze-crazed drug runners, and a few too many rum and Cokes, Annabelle is a woman on the run—from her past, toward her future, and into the arms of a darkness waiting just for her. . . .
