Select your audio device listed under the “Playback” tab and right-click to open a menu. Select the “Properties” option at the bottom. Once the Speakers / Headphones Properties window appears, click on the “Enhancements” tab. Check the box next to “Disable All Sound Effects” (or “Disable All Enhancements”).

## How to Fix Sound Problems in Windows 10

Audio equipment which uses a double-insulated design needs no earth connection, and so is less susceptible to earth-loop problems. Such equipment will often use two-core mains cable, which has an oval cross-section, and the mains plug will sometimes use a dummy plastic earth pin, as shown here.
