Depending on the template type, different timing rules apply when you apply the template to a clip in the Final Cut Pro timeline. When publishing parameters and applying templates, consider the following guidelines: Final Cut Effect: When you apply an effect template in Final Cut Pro, the effect is integrated into the clip. For example, when a color-correction effect template that ' s 300 frames in Motion is saved and applied to a 2,300-frame clip in Final Cut Pro, the resulting effect is ...
