The HP 50g also has "User Flags", numbered from 1 to 128, for the user's own purposes. A set of commands can be used to control modes and flags directly. This is particularly useful in programs, which can set or clear or test flags, but can not use the Calculator Modes Form. To find the flag commands, press.

## ~~HP 50g Graphing Calculator for sale online | eBay~~

The HP 50g Graphing Calculator has been widely known in the scientific and engineering worldwide community since its launching back in September 2006. It was developed and produced by the company which gives its name, Hewlett Packard, to be the successor of the HP 49/50 series graphing calculators.

## ~~Human Use Experience Analysis - MIT~~

The HP 50g (F2229A) is the latest calculator in the 49/50 series. The most apparent change is a revised color scheme, returning the unit to a more traditional HP calculator appearance. Using black plastic for the entire body, white, orange and yellow are used for function shift keys.
