NOTE: You are purchasing a standalone product; MasteringGeography does not come packaged with this content. If you would like to purchase both the physical text and MasteringGeography search for ISBN-10: 0321984234/ISBN-13: 9780321984234 . That package includes ISBN-10: 0321984234/ISBN-13: 9780321984241 and ISBN-10: 0321984706/ISBN-13: 9780321984708 . For courses in Human Geography. A distinctly modern look at human geography Described as “fresh, innovative, and intelligent,” Human Geography: Places and Regions in Global Context is acclaimed for its global approach, conceptual rigor, engaging real-world applications, and outstanding visual program. Knox and Marston foster awareness of current issues and developing trends from a geographic perspective, and provide a solid foundation in the fundamentals of human geography. The authors integrate compelling local, regional, and global viewpoints to give meaning to people and places. By providing access to the latest ideas, concepts, and theories, the text deepens students' understanding of the interdependence of places and regions in a globalizing world. The Seventh Edition extends Knox/Marston's modern approach, integrating new technology as well as new visual and thematic features relevant to human geography today. Also available with MasteringGeography (tm) MasteringGeography is an online homework, tutorial, and assessment program designed to work with Human Geography to engage students and improve results. Interactive, self-paced activities provide individualized coaching to keep students on track. With a wide range of activities available, students can actively learn, understand, and retain even the most difficult concepts.

This title explores current issues and developing trends from a geographic perspective, providing a solid foundation in the fundamentals of human geography, and giving meaning to people and places by integrating compelling local, regional, and global viewpoints.

Provides not only a body of knowledge about places and regions, but also an understanding of the interdependence of places and regions in a globalizing world. This book is designed for introductory university courses in Human or Introductory Geography found in Geography, Anthropology, or Social Science departments.

The study guide includes chapter notes, key terms, 8-10 review questions and 10-15 activities per chapter, and references the text-specific Web site throughout.

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value-this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. xxxxxxxxxxxxxx For courses in Human Geography. **Human Geography: Places and Regions in Global Context** **---**

As political, economic, and environmental issues increasingly spread across the globe, the science of geography is being rediscovered by scientists, policymakers, and educators alike. Geography has been made a core subject in U.S. schools, and scientists from a variety of disciplines are using analytical tools originally developed by geographers. Rediscovering Geography presents a broad overview of geography's renewed importance in a changing world. Through discussions and highlighted case studies, this book illustrates geography's impact on international trade, environmental change, population growth, information infrastructure, the condition of cities, the spread of AIDS, and much more. The committee examines some of the more significant tools for data collection, storage, analysis, and display, with examples of major contributions made by geographers. Rediscovering Geography provides a blueprint for the future of the discipline, recommending how to strengthen its intellectual and institutional foundation and meet the demand for geographic expertise among professionals and the public.
