John C. Payne is a professional marine electrical engineer with 23 years merchant marine and off-shore oil experience.

More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation procedures or how to safely troubleshoot these devices if they go on the blink.

Available from Midpoint

This book includes useful tips and tricks for the configuration and operation of the fabulous Icom IC-7300 transceiver. Rather than duplicate the manuals which describe each button, function, and control, I have used a more functional approach. This is a "how to do it" book with easy to follow step by step instructions. The IC-7300 has created something of a revolution in the amateur radio world. With this radio, Icom provides the advantages of SDR technology in a format that is familiar for users of their earlier transceivers. Most importantly the IC-7300 has many features that were previously only available on much more expensive radios.

Poetry. "Anne-Adele Wight's OPERA HOUSE ARTERIAL pursues a critical mass of opera houses. Opera house to draw borders. Opera house to recognize neighbors. Opera house to perform and invent. Opera house to illustrate the elemental. In these poems, one's own opera

Read Book Icom M710 Manual

house is taken up in Wight's invitation to 'discuss and debate as a group exercise.' Wight takes seriously the work of setting the stages, orchestrating the scores, and cueing the voices. She does not forget to acknowledge their limits."—Michelle Taransky "Drawn to water, we chase ourselves as anything. So cities, or insistent return to the arteries—here, in Wight's work, bright red blood as music. There, the opera house again, planetary: poem as through street, getting you where you need to go. Roam this globe, astral debris."—Ryan Eckes

This second edition has been compiled to take account the continued expansion of the composites industry. Additional entries out of part two allows more property tabulation and more descriptive entries for resins.
