Into That Darkness: An Examination of Conscience is Gitta Sereny's biography/exploration of Franz Stangl, the commandant of Treblinka, based on interviews with him and his family. Into That Darkness: From Mercy Killing to Mass Murder might be an earlier edition, because in the book Sereny does describe Stangl's experience in the T4 gassings/ "euthanasia" of disabled people before he was appointed to Treblinka.

mercy." With both wry humor and poignancy, he unravels the profound connection between depression and the spiritual path, the infamous dark night of the soul made popular by mystic John of the Cross. While depression can be a heartbreaking time of isolation and lethargy, it can also provide powerful spiritual insights and healing times of surrender. When doctors prescribe medication, patients are often left feeling as if part of their very selves has been numbed in order to become what some might call "normal." Farrington wrestles with profound questions, such as: When is depression a part of your identity, and when does it hold you back from realizing your potential? In the tradition of *Darkness Visible* and *An Unquiet Mind*, A

bring our sorrow to God—but it is a neglected dimension of the Christian life for many Christians today. We need to recover the practice of honest spiritual struggle that gives us permission to vocalize our pain and wrestle with our sorrow. Lament avoids trite answers and quick solutions, progressively moving us toward deeper worship and trust. Exploring how the Bible—through the psalms of lament and the book of Lamentations—gives voice to our pain, this book invites us to grieve, struggle, and tap into the rich reservoir of grace and mercy God offers in the darkest moments of our lives.

Reluctantly he takes a small slave girl in part payment from a plantation owner for a bad debt. Feeling rejected by her slave mother, 14-year-old Florens can read and write and might be useful on his farm. Florens looks for love, first from Lina, an older servant woman at her new master's house, but later from the handsome blacksmith, an African, never enslaved, who comes riding into their lives . . . At the novel's heart, like *Beloved*, it is the ambivalent, disturbing story of a mother and a daughter – a mother who casts off her daughter in order to save her, and a daughter who may never exorcise that abandonment.

As a sadomasochist, Sade just wants to get and give pain in manageable and somewhat legal doses. All Mercy wants is to walk in her father's footsteps--a man who sacrificed everything to save her from a life of abuse and suffering. When Mercy finds an envelope on her doorstep leading her to Sade, the result is a collision of pain and mercy. For Sade, Mercy's kindness is dessert for his sadism, and her strength has his masochism hot and begging. Exploiting both for his own pleasure is his plan until he realizes that Mercy's got her own game. And playing it requires something he's never had.
