A consumer guide integrates shopping suggestions and handy user tips as it describes and rates dozens of digital electronic products, including cell phones, digital cameras, televisions, computers, and home theater products.

50 Powerful, Easy-to-Use Rules for Supporting Hypergrowth in Any Environment Scalability Rules is the easy-to-use scalability primer and reference for every architect, developer, web professional, and manager. Authors Martin L. Abbott and Michael T. Fisher have helped scale more than 200 hypergrowth Internet sites through their consulting practice. Now, drawing on their unsurpassed experience, they present 50 clear, proven scalability rules—and practical guidance for applying them. Abbott and Fisher transform scalability from a “black art” to a set of realistic, technology-agnostic best practices for supporting hypergrowth in nearly any environment, including both frontend and backend systems. For architects, they offer powerful new insights for creating and evaluating designs. For developers, they share specific techniques for handling everything from databases to state. For managers, they provide invaluable help in goal-setting, decision-making, and interacting with technical teams. Whatever your role, you’ll find practical risk/benefit guidance for setting priorities—and getting maximum “bang for the buck.” • Simplifying architectures and avoiding “over-engineering” • Scaling via cloning, replication, separating functionality, and splitting data sets • Scaling out, not up • Getting more out of databases without compromising scalability • Avoiding unnecessary redirects and redundant double-checking • Using caches and content delivery networks more aggressively, without introducing unacceptable complexity • Designing for fault tolerance, graceful failure, and easy rollback • Striving for statelessness when you can; efficiently handling state when you must • Effectively utilizing asynchronous communication • Learning quickly from mistakes, and much more

A Friendship Forged in Hell! Daniel Leary is a lieutenant in the Republic of Cinnabar Navy with no money and no prospects since he quarreled with his ruthless, politically powerful father. Adele Mundy is a scholar with no money and no prospects since her family was massacred for conspiring against the Government of Cinnabar. Kostroma is a wealthy planet which depends on diplomacy to stay independent in a galaxy whose two great powers, Cinnabar and the Alliance, battle for supremacy. In a few hours, diplomacy is going to fail Kostroma. Daniel, Adele, and the scratch crew they gather aren't much to stand in the way of a powerful invasion fleet, but just possibly they're enough. Men and women who hold courage cheap and honor more dear than life itself face impossible odds in a novel of color, intrigue and slashing action. From the corridors of a treason-ridden palace through the perils of unknown seas and hellish jungles to a final blazing climax in space, the heroes never bow and the action never flags. They have nothing on their side but each other³/₄and heaven help whatever tries to stand in their way! At the publisher's request, this title is sold without DRM (Digital Rights Management).

This book is one of the classic book of all time.

For fans of E. L. James, Sylvia Day and J. Kenner. Tara Sue Me became a worldwide phenomenon with her enticing and scandalous Submissive series which enthralled millions. Now she presents a

scorching tale about a risky passion too hot to ignore.... Julie Masterson craves a taste of danger, but she's never given in to her curiosity about putting her body in someone else's power - until a chance meeting with Daniel Covington, the irresistible Senior VP of Weston Bank, draws her into a seductive new world of sexual experience. Daniel is highly respected within his community, but he hasn't had an exclusive relationship for more than two years. Yet Julie's eager innocence is making him rethink his feelings about commitment. As their sizzling connection heats up, Daniel is ready to take Julie fully under his command. And Julie will have to decide if she trusts him enough to surrender completely - if she should escape before she gets burned... Before there was the fan fiction that became Fifty Shades of Grey, there was The Submissive... Indulge in the series that started it all: The Submissive, The Dominant, The Training, The Chalet, The Enticement, The Collar, The Exhibitionist and The Master.

The 1864 Sand Creek Massacre is one of the most disturbing and controversial events in American history. While its historical significance is undisputed, the exact location of the massacre has been less clear. Because the site is sacred ground for Cheyenne and Arapaho Indians, the question of its location is more than academic; it is intensely personal and spiritual. In 1998 the National Park Service, under congressional direction, began a research program to verify the location of the Sand Creek site. The team consisted of tribal members, Park Service staff and volunteers, and local landowners. In Finding Sand Creek, the project's leading historian, Jerome A. Greene, and its leading archeologist, Douglas D. Scott, tell the story of how this dedicated group of people used a variety of methods to pinpoint the site. Drawing on oral histories, written records, and archeological fieldwork, Greene and Scott present a wealth of evidence to verify their conclusions. Greene and Scott's team study led to legislation in the year 2000 that established the Sand Creek Massacre National Historic Site.

An all-access pass to the most unique, inspiring, and life-changing experiences on Earth. Travel isn't just about the destination—it's about the experience. Now, the very best places to experience anything—from bungee-jumping and French cooking classes to whitewater rafting and seeing the Northern Lights—are revealed and collected in this inspiring and definitive guide. New York Times bestselling author and travel expert Peter Greenberg shares more than two decades of his own extensive worldwide travel, uniquely organized by affinity, accessibility, and affordability. Whether readers are looking to embark on outdoor adventures or savor the simplest pleasures, there are hundreds of ideas here that are sure to inspire—from shark diving, train spotting, and cheesemaking to safari camping, truffle-hunting, scenic hot-air balloon rides—even the best authentic beginner Argentine tango class (the Hotel Mansion Dandi in Buenos Aires). Packed with fascinating facts, industry secrets, and expert advice, The Best Places for Everything is the definitive guide for thrill-seekers and armchair travelers alike. No matter what's on readers' wish lists, they will always end up in the perfect spot.
