people. It gives the reader the no holds barred, inside story of Delta's success, decline and path to bankruptcy...the lessons learned...and what it needs to do to take off again. Fresh answers are given to the often-asked question, "What happened to Delta?"

It is based on extensive research, including behind-the-scenes information from 59 members of the "Delta family", the author's in-depth personal knowledge as a member of that family, and his broad experience as a business executive and

consultant. The book
examines the

leadership decisions

by each of Delta's 7

of Directors. It then

highlights the

decisions that built

a highly profitable

decades and those

that have brought it

ineffective leaders.

Part of the tragedy
is the price they are

book is co-

thousands of Delta
employees and
retirees who love

Awakening in a bleak landscape, Cass Dollar vaguely recalls enduring something terrible. Having no idea how many days—or weeks—have passed, she slowly realizes the horrifying truth: her daughter, Ruthie, has vanished. And with
