Caesar must bleed for it! And, gentle friends, Let's kill him boldly, but not wrathfully; Let's carve him as a dish fit for the gods, Not hew him as a carcass fit for hounds: And let our hearts, as subtle masters do, 795. Stir up their servants to an act of rage, And after seem to chide 'em. This shall make.

This series features classic Shakespeare retold with graphic color illustrations. Educators using the Dale-Chall vocabulary system adapted each title. Each 64-page, softcover book retains key phrases and quotations from the original play. Research shows that the more students read, the better their vocabulary, their ability to read, and their knowledge of the world. A triumphant Caesar enters Rome after defeating the sons of his old enemy, Pompey. Jealousy and fear over Caesar's reforms reveal a brewing conspiracy to assassinate him. As the plot thickens, Caesar's wife is plagued by terrible nightmares and begs him not to go to the Capitol. But Caesar shrugs off her fears and is accompanied to the Senate by the conspirators thus sealing his fate.

A Place More Void takes its name from a scene in William Shakespeare ' s The Tragedy of Julius Caesar, wherein an elderly soothsayer has a final chance to warn Caesar about the Ides of March. Worried that he won ' t be able to deliver his message because of the crowded alleyways, the soothsayer devises a plan to find and intercept Caesar in " a place more void. " It is precisely such an elusive place that this volume makes space for by theorizing and empirically exploring the many yet widely neglected ways in which the void permeates geographical

thinking. This collection presents geography ' s most in-depth and sustained engagements with the void to date, demonstrating the extent to which related themes such as gaps, cracks, lacks, and emptiness perforate geography ' s fundamental concepts, practices, and passions. Arranged in four parts around the themes of Holes, Absences, Edges, and Voids, the contributions demonstrate the fecundity of the void for thinking across a wide range of phenomena: from archives to alien abductions, caves to cryptids, and vortexes to vanishing points. A Place More Void gathers established and emerging scholars who engage a wide range of geographical issues and who express themselves not only through archival, literary, and socio-scientific investigations, but also through social

The astonishing novel *Brave New World*, originally published in 1932, presents Aldous Huxley's vision of the future -- of a world utterly transformed. Through the most efficient scientific and psychological engineering, people are genetically designed to be passive and therefore consistently useful to the ruling class. This powerful work of speculative fiction sheds a blazing critical light on the present and is considered to be Aldous Huxley's most enduring masterpiece. The nonfiction work *Brave New World Revisited*, first published in 1958, is a fascinating work in which Huxley uses his tremendous knowledge of human
