The title of this book, Kiffe kiffe demain, must give translators nightmares. The problem is that it's a play on words, and not just on any normal words, but ghetto slang. \"Kif kif\" is vernacular roughly meaning \"same 'ole, same 'ole\"; \"kiffer\" is vernacular meaning \"to like/love\". The title has a bittersweet tang derived from the opposing feelings of despair (\"same ...

A "touching, furious, sharp, and very funny" novel of an immigrant teenage girl finding her own identity in France (Booklist). The Paradise projects are only a few metro stops from Paris, but it feels like a different world. Doria's father, aka the Beard, has headed back to their hometown in Morocco, leaving her and her mom to cope with their mektoub, their destiny, alone. They have a little help—from a social worker sent by the city, a psychiatrist sent by the school, and a thug friend who recites Rimbaud. It seems like fate has dealt them an impossible hand, but Doria might still make a new life—"with bravado, humor, and a healthy dose of rage" (St. Petersburg Times). "[A] sassy, spunky tale . . . Doria has what it takes to storm any barricade." —The Hartford Courant "[Doria is] as likable as Holden Caulfield or Prep's Lee Fiora. Readers will cheer. Highly recommended." —Library Journal, starred review "A promising addition to the world's literary voices." —The Miami Herald "Moving and irreverent, sad and funny, full of rage and intelligence. Her voice is fresh, and her book a delight." —Laila Lalami, bestselling author of *The Moor's Account*

Doria a 15 ans, un sens aigu de la vanne, une connaissance encyclopédique de la télé, et des rêves qui la réveillent. Elle vit seule avec sa mère dans une cité de Livry-Gargan depuis que son père est parti un matin dans un taxi gris trouver au Maroc une femme plus jeune et plus féconde. Ça, chez Doria, ça s'appelle le mektoub, le destin : "Ca veut dire que quoi que tu fasses, tu te feras toujours couiller." Alors autant ne pas trop penser à l'avenir et profiter du présent avec ceux qui l'aiment ou font semblant. Sa mère d'abord, femme de ménage dans un Formule 1 de Bagnolet et soleil de sa vie. Son pote Hamoudi, un grand de la cité qui l'a connue alors qu'elle était "haute comme une barrette de shit". Mme Burlaud, sa psychologue, qui met des porte-jarretelles et sent le Parapoux. Les assistantes sociales de la mairie qui défilent chez elle parfaitement manucurées. Nabil le nul qui lui donne des cours particuliers et en profite pour lui voler son premier baiser. Ou encore Aziz, l'épicier du Sidi Mohamed Market avec qui Doria essaie en vain de caser sa mère. Il se mariera sans les inviter? Peu importe, "Maman et moi on s'en fout de pas faire partie de la jet-set". Kiffe kiffe demain est d'abord une voix, celle d'une enfant des quartiers. Un roman plein de sève et d'humour.

Fifteen-year-old Doria isn't in a good place. Or to be precise: she's in the sadly misnamed Paradise Estate on the outskirts of Paris. Her father has gone off back Morocco to find a wife who can give him a boy, and her illiterate, non French-speaking mother is having to fend for herself with a cleaning job in a grim motel. What's more, her favourite soap star has turned out to be gay and it looks like the only school that is going to accept Doria is the one for future hairdressers. Still, it could be worse: Doria could be like Samra, the girl in the flat above, whose father doesn't let her out, or Youssef who has been banged up for a year for dealing in drugs and stolen cars. At least Hamoudi - twenty-eight and the coolest guy on the estate - is her friend. And at least she gets a free weekly session with psychologist Mrs Burland, who is about the only person who listens, even if she doesn't quite understand... In this fabulous first novel, Faiza Guene has created an unforgettable voice. Doria is both clued up and innocent, acutely aware of what's in store for her and powerless to change it. She is funny, clever and tragically trapped. But in the end, her dogged determination not to be down-trodden and humiliated wins through and it looks like things can only get better.

A novel of a twentysomething, Algerian-born woman living on the edge in France, from "one of the hottest literary talents of multicultural Europe" (Sunday Telegraph). When Ahlème's mother was killed in a village massacre, she left Algeria for France with her father and brother and never returned. Now, more than a decade later, she is practically French, yet in many ways she remains an outsider. Ahlème's dreams for a better life have been displaced by the harsh realities she faces

every day. Her father is unable to work after an accident at his construction site and her brother boils over with adolescent energy, teetering dangerously close to choosing a life of crime. As a temporary resident, Ahlème could at any moment be sent back to a village and a life that are now more foreign than Paris. In *Some Dream for Fools*, Faïza Guène explores the disparity between the expectations and limitations of immigrant life in the West and tells a remarkable story of one woman's courage to dream. "With a keen eye for detail and a sharp narrative tone, [Guène] gives voice to a hurt too long unrecognized. . . . [She] takes us into another world—a world that no nation today can afford to ignore." —The Christian Science Monitor

A tender and refreshing tale of family life, clashing cultures and belonging in France.

Prix Goncourt Winner: A "superb" novel of a Syrian immigrant in France and his two sons (The New York Times Book Review). *Older Brother* is the poignant story of a Franco-Syrian family whose father and two sons try to integrate themselves into a society that doesn't offer them many opportunities. The father, an atheist communist who moved from Syria to France for his studies and stayed for love, has worked for decades driving a taxi to support his family. The eldest son is a driver for an app-based car service, which comically puts him at odds with his father, whose very livelihood is threatened by this new generation of disruptors. The younger son, shy and serious, works as a nurse in a French hospital. Jaded by the regular rejections he encounters in French society, he decides to join a Muslim humanitarian organization to help wounded civilians in the war in Syria. But when he stops sending news home, the silence begins to eat away at his father and brother, who wonder what his real motivations were. And when the younger brother returns home, he has changed . . . "A masterpiece of a first novel." ?The Guardian "A striking debut that reveals the breadth of emotional disconnection that prejudice can stoke within a family." ?Kirkus Reviews

Branding the Beur Author focuses on the mainstream media promotion of literature written by the descendants of North African immigrants to France (often called beurs). These conversations between journalists and 'beur' authors delve into

Read Book Kiffe Kiffe Demain

contemporary debates such as the explosion of racism in the 1980s and the purported role of Islam in French society in the 1990s. But the interests of journalists looking for sensational subject matter also heavily shape the promotion and reception of these novels: only the 'beur' authors who employ a realist style to write about the challenges faced by the North African immigrant population in France - and who engage on-air with French identity politics and immigration - receive multiple invitations to participate in interviews. Previous scholarship has taken a necessary first step by analyzing the social and political stakes of this literature (using labels such as 'beur' and/or 'banlieue,' to designate its urban, economically distressed setting), but the book argues that we must move beyond this approach because it reproduces the selection criteria deployed by the media that determine which books receive the most commercial and critical support. By demonstrating how minority-based literary labels such as 'francophone' and 'postcolonial' are always already defined by the socio-political context in which books are published and promoted, the book establishes that these labels are tautological and cannot reflect the thematic and stylistic richness of beur (and other minority) production in France.
