For over two decades Tonal Harmony has been the leading text for the two-year theory curriculum for music majors. Used at nearly 800 schools, Tonal Harmony has been consistently praised for its practicality and ease of use for student and instructor alike. The straightforward approach is supported by well-chosen examples and thoughtful exercises, and the total presentation is compatible with differing teaching styles and theoretical points of view. In addition, students can purchase a CD of recorded examples for use with the textbook, while audio examples for the workbook are available for download as MP3 files. For instructors, an extensive Instructor's Manual is available and rounds out this comprehensive teaching package.

For a generation of professionals in the musical community, Tonal Harmony has provided a comprehensive, yet accessible and highly practical, set of tools for understanding music. With this new edition, twenty-first century technology meets a time-honored tradition. Now available in McGraw-Hill's Connect\u2122 with SmartBook\u2122, students are better equipped to understand and master the vocabulary of music efficiently,allowing them to move on more quickly to advanced musical skill-building.

Each set of exercises in the Workbook is closely correlated with the corresponding chapter of the text and with a particular Self-Test within the chapter. Each set of Workbook exercises begins with problems similar to those found in the corresponding Self-Test, but the Workbook exercises also include problems that are too open-ended for the Self-Test format as well as more creative types of compositional problems for those instructors who like to include this type of work.
