Known as one of the most aggressive Confederate officers in the Western Theater, Brigadier General Alfred Jefferson Vaughan Jr. is legendary for having had eight horses shot out from under him in battle—more than any other infantry commander, Union or Confederate. Yet despite the exceptional bravery demonstrated by his dubious feat, Vaughan remains a largely overlooked Civil War leader. In Confederate Combat Commander, Lawrence K. Peterson explores the life of this unheralded yet important rebel officer before, during, and after his military service. A graduate of Virginia Military Institute, Vaughan initially commanded the Thirteenth Tennessee Infantry Regiment, and later Vaughan's Brigade. He served in the hard-fought battles of the western area of operations in such key confrontations as Shiloh, Perryville, Stones River, Chickamauga, Chattanooga, and the Atlanta Campaign. Tracing Vaughan's progress through the war and describing his promotion to general after his commanding officer was mortally wounded, Peterson describes the rise and development of an exemplary military career, and a devoted fighting leader. Although Vaughan was beloved by his troops and roundly praised at the time—in fact, negative criticism of his orders, battlefield decisions, or personality cannot be found in official records, newspaper articles, or the diaries of his men—Vaughan nevertheless served in the much-maligned Army of Tennessee. This book thus assesses what responsibility—if any—Vaughan bore for Confederate failures in the West. While biographies of top-ranking Civil War generals are common, the stories of lower-level senior officers such as Vaughan are seldom told. This volume provides rare insight into the regimental and brigade-level activities of Civil War commanders and their units, drawing on a rich array of privately held family histories, including two written by the general himself. Lawrence K. Peterson, a retired airline pilot, worked as a National Park Service ranger and USAF officer. He is the great-great grandson of Brigadier General Alfred Jefferson Vaughan Jr.

From America's leading scholar of democracy, a personal, passionate call to action against the rising authoritarianism that challenges our world order—and the very value of liberty Larry Diamond has made it his life's work to secure democracy's future by understanding its past and by advising dissidents fighting autocracy around the world. Deeply attuned to the cycles of democratic expansion and decay that determine the fates of nations, he watched with mounting unease as illiberal rulers rose in Hungary, Poland, Turkey, the Philippines, and beyond, while China and Russia grew increasingly bold and bullying. Then, with Trump's election at home, the global retreat from freedom spread from democracy's margins to its heart. Ill Winds' core argument is stark: the defense and advancement of democratic ideals relies on U.S. global leadership. If we do not reclaim our traditional place as the keystone of democracy, today's authoritarian swell could become a tsunami, providing an opening for Vladimir Putin, Xi Jinping, and their admirers to turn the twenty-first century into a dark time of despotism. We are at a hinge in history, between a new era of tyranny and an age of democratic renewal. Free governments can defend their values; free citizens can exercise their rights. We can make the internet safe for liberal democracy, exploit the soft, kleptocratic underbelly of dictatorships, and revive America's degraded democracy. Ill Winds offers concrete, deeply informed suggestions to fight polarization, reduce the influence of money in politics, and make every vote count. In 2019, freedom's last line of defense still remains "We the people."

Hidden in the mountains of East Tennessee, an eleven-year old goes about the business of being a boy during the summer of 1970. Within a balance of terror and innocence, he bears silent witness to ghosts of the dead and the cruelties of a teenage killer while local justice plays out in a community carved from legacies of coal mining and religion.
