From the bestselling author of Blink and The Tipping Point, Malcolm Gladwell's Outliers: The Story of Success overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are – and that no one, not even a genius, ever makes it alone. Outliers will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

By focusing on a wide range of reading and study skills required in the academic world, Reading and Study Skills gives instructors the flexibility to address student needs that might otherwise require several texts. The highly versatile organization divides topics into focused, self-contained modules that can be covered in any order with the result that the text can be adapted to fit any teaching or learning situation.

For students who need to develop the study skills required to successfully complete their college education--whether they attend a two- or four-year college or they are adult learners--ESSENTIAL STUDY SKILLS, 8th Edition, is their guide to success. Featuring the essential learning strategies for becoming a better student, this book helps students learn how to prepare for class, develop textbook reading strategies, use effective note-taking techniques, strengthen their test-taking skills, and use technology effectively. ESSENTIAL STUDY SKILLS, 8th Edition, adapts to any learning style and offers a step-by-step approach and numerous opportunities for practice throughout the textbook and accompanying CourseMate website. The new edition includes a dedicated chapter (12) entitled Using Technology, providing guidance on how students can use electronic tools to improve their study skills, conduct research (and avoid plagiarism), and succeed in online courses. How do some people accomplish so much with their lives? Is it that they're just lucky? Or amazingly smart? Or is it that they are ordinary people who have learned to motivate themselves, even when the going gets tough?Read about real-life people who have faced real-life obstacles—maybe some of the same obstacles that stand between you and the achievement of your dreams. Despite their problems, all have found ways to motivate themselves to succeed. Here are four of the people you'll meet in this book: Paul, who flunked out of college and into a minimum-wage job. Dawn, whose chaotic life was filled with violence, drinking, and drugs. Peggy, a college student clinging to a boyfriend who liked her best when she was failing. Grant, whose drunken accident on graduation night was an appropriate end to his high school career.
