QLED vs OLED.

Samsung stands alone in supporting its QLED technology: LG, Panasonic and Sony all choose OLED displays for their high-end sets. You can look at our guide on OLED TVs to learn

Access Free

Led Hdtv

Buying Guide,
more about them,

but the key

distinction is

that OLED

displays don't

use backlights;

every bulb in

the display is

self-emitting.

This improves

contrast control

and motion

fluidity, but

Samsung believes
