From the New York Times bestselling author of Steeplejack and co-author of Sekret Machines: Chasing Shadows with Blink-182's Tom DeLonge, comes the first novel in a thrilling science fiction adventure—the Cathedrals of Glass saga... “Deviance is unattractive and jeopardizes all we hold dear...” Ten teenagers broke behavioral law. Sentenced to be reeducated on the moon of Jerem, they were placed in stasis on the automated ship Phetteron for their six day journey. They never reached their destination. “Home looks after its own...” Thrown off course by a computer malfunction, the Phetteron is damaged in an asteroid belt and crash lands on the uninhabited ice planet of Valkrys. Having spent their lives in

temperature controlled environments, consuming nutrient supplements, and interacting with people mostly through the infonet, the teens are unprepared to depend on each other to face the harsh, hostile, and hellish landscape. Home will send a rescue party long before their meager supplies run out. “No contrary positions are viable...”

Sola was a roamer. She wandered the city after curfew, reveling in the freedom of being disconnected from the techgrid and embracing the joy of physical activity. For those actions, Home declared her deviant. But on Valkrys, her deviance is an asset that may be the teens’ only hope for survival. As Sola explores their strange new world, she discovers that she and her shipmates are linked by something more frightening than their subversive behaviors—and uncovers a

mythological creatures and their artifacts. Certain individuals pay fortunes for a sliver of a satyr's hoof, a gryphon's claw, a basilisk's scale, or an angel's wing. Embroiled in the hidden world of the Relics, creatures known as the Kin, Angela Gough is now on the run in the United States. Forty years ago the town of Longford was the site of a deadly disease outbreak that wiped out the entire population. The infection was contained, the town isolated, and the valley in which it sits flooded and turned into a reservoir. The truth--that the outbreak was intentional, and not every resident of Longford died--disappeared beneath the waves. Now the town is revealed again. The Kin have an interest in the ruins, and soon the fairy Grace and the Nephilim leader Mallian are also drawn to them.
