Where To Download Lg Gas Range Installation Guide

This range is convertible for use on natural or LP gas. When using this range on LP gas, conversion must be made by a qualified LP installer before attempting to operate the range. For proper operation, the pressure of natural gas supplied to the regulator must be between 5" and 13" of water column. For LP gas, the pressure supplied to the regulator must be between 10" and 13" of water column. When checking for
