Gene Brigham and Phillip Daves reinforces coverage from earlier corporate finance courses while providing new, progressive material to challenge even the most advanced learners. The authors use corporate valuation as a unifying theme to emphasize the theoretic groundwork for value maximization and the practical skills to analyze business decisions. The book's reader-friendly approach incorporates actual business examples and integrated cases as well as Excel spreadsheet models to demonstrate how financial theory in practice leads to solid financial decisions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
