Love, Lies and Lemon Cake is a truly amazing novel. I will happily admit to being a blubbering mess by the end of it. What I love so much about Sue Watson's novels is that the leading lady in all her books are so real. It's almost as if I could be reading about myself. I really loved the whole storyline in this novel.

## Read Online Love Lies And Lemon Cake

Love, Lies and Lemon Cake is a poignant tale of getting older and what happens to a forty-something woman when her marriage has turned stale and her beloved child has flown the nest. The story is fabulous and I was rooting for Faye Dobson all the way, especially whenever she saw sexy, Australian hunk Dan - a very hot younger man!

Exclusive interview with Sue Watson

I thought Love, Lies and Lemon Cake was going to be a bit of delightful fluff to read on the trip home from a lovely long holiday. I expected chick lit, but it was better than that. It definitely was delightful, but it had some depth and maturity mixed with the fun and fluff. For the main character, Faye, it was a voyage of discovery and freedom.
