Many bibliographers focus on women who write. Lawyer Barnett looks at women who detect, at women as sleuths and at the evolving roles of women in professions and in society. Excellent for all women's studies programs as well as for the mystery hound. Look at the popularity of such reading guides as Willetta Heising's *Detecting Women* (3rd ed. 0-9644593-7-X) or Amanda Cross' fiction (*Honest Doubt* 0-345-44011-0 11/00).

After heart surgeon Adrian Douglas meets RN Megan Haggarty in the hospital cafeteria, strange and frightening events begin happening to them.

Jobless and divorced, Maddy Bainbridge, along with her four-year-old daughter, returns to the Jersey Shore to live with her mother, where she is faced with family turmoil, and an unexpected romance with Aidan O'Malley, an ex-firefighter.

*Carnival in Venice*, a time for masks and mystery and—sometimes—malice. When middle-aged American expatriate Tom, living in Paris, suggests to a group of friends that they gather in Venice for a mischievous challenge of wits, the game is on. Each will assume various disguises chosen to reveal their “true selves.” The friend who recognizes the most of the “true” personae among the contestants will win. But what is true, especially in Venice at Carnival? And how well does anyone know one’s friends, even less their secret images of themselves? What starts as a puzzle soon turns to tragedy when one of the friends, dressed as Medusa, is found dead in a canal. Mickey Friedman fuses her masterly suspense-writing skills with a deep fondness for her Venetian setting in this classic novel of that magical city.

A murdered tsar. A missing treasure. One woman holds the key. Natalie Brandon knows Nicholas II, last tsar of Russia, left a secret bank account to provide for his family in exile. Even her sister, a Russian history professor, won't take her seriously...until a blond, blue-eyed Russian spy kidnaps Natalie, claiming she's the only one who can lead him to

From the time she was a crippled baby, left in a church, Maggie's life has never been easy but when she glimpses her destiny in a magic mirror, she goes off on a quest to find her father and, along the way, finds happiness, as well.

"I believe in possibility. Of magic, of omens, of compasses, of love. Some of it's a little bit true." Sixteen-year-old Tal is a Wanderer—a grifter whose life is built around the sound of wheels on the road, the customs of her camp, and the artful scams that keep her fed. With her brother, Wen, by her side, it's the only life she's ever known. It's the only one she's ever needed. Then, in a sleepy Southern town, the queen of cons picks the wrong mark when she meets Spencer Sway—the clean-cut Socially Secured boy who ends up hustling her instead of the other way around. For the first time, she sees a reason to stay. As her obligations to the camp begin to feel like a prison sentence, the pull to leave tradition behind has never been so strong. But the Wanderers live by signs, and all the signs all say that Tal and Spencer will end disaster and grief. Is a chance at freedom worth almost certain destruction? Wandering Wild is an achingly romantic journey of tradition and self-discovery—a magical debut.
