Majipoor Chronicles Lord Valentine 2

Classified as the second volume in the Lord Valentine series, this work really is a step back from the rather thrilling adventures of the opening novel, Lord Valentine's Castle since it does not presume to advance that story to any significant degree. With the high fantasy genre, one of the writer's main tasks is

rather (or not so) humbly referred to as 'world building'.

The second book is necessary to move the tale of Majipoor and the characters along on this tale. It especially brings Hissun into sharp focus and what Lord Valentine saw in the ten year old he met in the Labyrinth. More on the political intrigues that propel the tale to a climax, alien and homan plans and schemes abound.
