Volume. 2008. xxi, 792 pages : 29 cm. As the long-time best-seller, Garrison has helped guide close to 2 million students through the challenging waters of managerial accounting since it was first published. It identifies the three functions managers must perform within their organizations--plan operations, control activities, and make decisions--and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it.
