The essential M&A primer, updated with the latest research and statistics Mergers, Acquisitions, and Corporate Restructurings provides a comprehensive look at the field's growth and development, and places M&As in realistic context amidst changing trends, legislation, and global perspectives. All-inclusive coverage merges expert discussion with extensive graphs, research, and case studies to show how M&As can be used successfully, how each form works, and how they are governed by the laws of major countries. Strategies and motives are carefully analyzed alongside legalities each step of the way, and specific techniques are dissected to provide deep insight into real-world operations. This new seventh edition has been revised to improve clarity and approachability, and features the latest research and data to provide the most accurate assessment of the current M&A landscape. Ancillary materials include PowerPoint slides, a sample syllabus, and a test bank to facilitate training and streamline comprehension. As the global economy slows, merger and acquisition activity is expected to increase. This book provides an M&A primer for business executives and financial managers seeking a deeper understanding of how corporate restructuring can work for their companies. Understand the many forms of M&As, and the laws that govern them Learn the offensive and defensive techniques used during hostile acquisitions Delve into the strategies and motives that inspire M&As Access the latest data, research, and case studies on private equity, ethics, corporate governance, and more From large megadeals to various forms of downsizing, a full range of restructuring practices are currently being used to revitalize and supercharge companies around the world. Mergers, Acquisitions, and Corporate Restructurings is an essential resource for executives needing to quickly get up to date to plan their own company's next moves.

This book covers the entire spectrum of activities in a typical merger transaction—starting from searching for candidates to closing the deal. It is designed to be a rigorous yet relevant book on mergers, acquisitions and corporate restructuring for students, research scholars and practitioners of finance. The key features of the book include: - Rationale for diversification via acquisition, searching for acquisitions, valuation of publicly and privately held companies, design of consideration in acquisitions, cross-border acquisitions and empirical evidence on mergers. - Various forms of corporate restructuring like spin-offs, carve outs, targeted stocks, reorganization of debt contracts, lay offs and downsizing are covered. - There is also a summary of the research conducted in this subject over the last 20 years.

Where To Download Mergers Acquisitions And Corporate Restructuring

Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples.

In the fast changing economic environment of today, companies seek corporate restructuring not just to stay afloat amidst cut-throat competition, but also to increase their competitive edge over others. Thus, the significance of mergers and acquisitions can never be overemphasized in the corporate world. Mergers, Acquisitions and Corporate Restructuring aims to give its readers a concise yet comprehensive coverage of the subject from all the angles - strategic, legal, accounting, taxation, fund raising and valuation—a treatment which no other Indian book in the market has accomplished so far. The book not only caters to the syllabi of MBA students of most universities, but also meets the needs of CA, CS and ICWA students. Given its holistic approach in the discussion of various issues, both students and practitioners would find this book of immense practical utility. Key Features

- Analyses all relevant Indian laws, regulations and accounting standards
- Includes multiple interpretations of many provisions
- Comprises over 60 numerical or situational illustrations to explain difficult concepts and legal provisions
- Interprets and explains 4 comprehensive cases and 9 mini cases from the Indian corporate history and current affairs to enhance understanding
- Contains latest amendments in regulations, laws, rules and guidelines as on 15 November 2012
- New in This Edition
- Thoroughly revised and updated
- Chapter on new takeover regulations comparing the provisions with the old takeover regulations and giving historical perspective
- Chapter on Competition Law and M&A

The most up-to-date guide on making the right capital restructuring moves The Art of Capital Restructuring provides a fresh look at the current state of mergers, acquisitions, and corporate restructuring around the world. The dynamic nature of M&As requires an evolving understanding of the field, and this book considers several different forms of physical restructuring such as divestitures as well as financial restructuring, which refers to alterations in the capital structure of the firm. The Art of Capital Restructuring not only explains the financial aspects of these transactions but also examines legal, regulatory, tax, ethical, social, and behavioral considerations. In addition to this timely information, coverage also includes discussion of basic concepts, motives, strategies, and techniques as well as their application to increasingly complex, real-world situations. Emphasizes best practices that lead to M&A success Contains important and relevant research studies based on recent developments in the field Comprised of contributed chapters from both experienced professionals and academics, offering a variety of perspectives and a rich interplay of ideas Skillfully blending theory with practice, this book will put you in a better position to make the right decisions with regard to capital restructuring in today's dynamic business world.

The authoritative resource for analyzing mergers and acquisitions (M&A) from every angle Paul Pignataro reveals the secrets behind growth through M&A in his new book, Mergers, Acquisitions, Divestitures, and Other Restructurings + Website. Through market shifts and regulatory changes, M&A has served as a solid approach to growth. Creating value through mergers and acquisitions is a highly coveted strategy, and Wall Street has long sought a clear technical understanding of the components of M&A as a key driver of growth. In this book, the author provides that understanding, covering all essential aspects of accounting and modeling for the M&A process. With over a decade of experience aiding billion-dollar restructuring deals, Paul Pignataro is in an excellent position to break down M&A from a finance standpoint. Mergers, Acquisitions, Divestitures, and Other Restructurings covers the financial accounting and modeling behind several M&A structures. Using the merger of Office Depot and Office Max, Mr. Pignataro fully addresses the entire integration, explains EBITDA, and other crucial performance measures. This text is for finance practitioners who want to explore every corner of

Where To Download Mergers Acquisitions And Corporate Restructuring

the M&A process. Learn accounting for asset acquisitions, asset divestitures, and corporate mergers Explore modeling methods including mini-merger modeling and fully consolidated merger modeling Read case studies demonstrating the practical success of theoretical models Understand EBITDA, cash flow, capital structure, and their impact on M&A success and value creation This new text from the CEO and founder of the New York School of Finance is key for understanding how restructuring leads to growth and value creation. The importance of M&A shows no signs of slowing, meaning that finance professionals need to be able to accurately analyze the prospects and impacts of restructuring moves. Mergers, Acquisitions, Divestitures, and Other Restructurings + Website is the authoritative resource for doing just that.

Mergers and Acquisitions Basics: All You Need to Know provides an introduction to the fundamental concepts of mergers and acquisitions. Key concepts discussed include M&As as change agents in the context of corporate restructuring; legal structures and strategies employed in corporate restructuring; takeover strategies and the impact on corporate governance; takeover defenses; and players who make mergers and acquisitions happen. The book also covers developing a business plan and the tools used to evaluate, display, and communicate information to key constituencies both inside and outside the corporation; the acquisition planning process; the negotiation, integration planning, and closing phases; financing transactions; and M&A post-merger integration. This book is written for buyers and sellers of businesses, financial analysts, chief executive officers, chief financial officers, operating managers, investment bankers, and portfolio managers. Others who may have an interest include bank lending officers, venture capitalists, government regulators, human resource managers, entrepreneurs, and board members. The book may also be used as a companion or supplemental text for undergraduate and graduate students taking courses on mergers and acquisitions, corporate restructuring, business strategy, management, governance, and entrepreneurship. Describes a broad view of the mergers and acquisition process to illustrate agents' interactions Simplifies without overgeneralizing Bases conclusions on empirical evidence, not experience and opinion Features a recent business case at the end of each chapter

This book provides an insight in the phenomenon of Mergers and Acquisitions (M&A), including the various forms of corporate restructuring. It highlights the importance of M&A as a strategy for faster growth in the corporate. The book provides an enriched experience of the art of valuation with detailed description of M&A process, deal structuring and financing. The book also provides the broader perspective of Accounting and Regulatory aspects of M&A. While covering the conceptual underpinnings of M&A, the book supplements it with real life examples on each sub-topic with various numeric examples. Thus the judicious blend of theory and practical aspects, through numerical as well as real life case-studies, make the book a source of vast knowledge in the complicated and dynamic world of M&A.

Corporate law and corporate governance have been at the forefront of regulatory activities across the world for several decades now, and are subject to increasing public attention following the Global Financial Crisis of 2008. The Oxford Handbook of Corporate Law and Governance provides the global framework necessary to understand the aims and methods of legal research in this field. Written by leading scholars from around the world, the Handbook contains a rich variety of chapters that provide a comparative and functional overview of corporate governance. It opens with the central theoretical approaches and methodologies in corporate law scholarship in Part I, before examining core substantive topics in corporate law, including shareholder rights, takeovers and restructuring, and minority rights in Part II. Part III focuses on new challenges in the field, including conflicts between Western and Asian corporate governance environments, the rise of foreign ownership, and emerging markets. Enforcement issues are covered in Part IV, and Part V takes a broader approach, examining those areas of law and finance that are interwoven with corporate governance, including insolvency, taxation, and securities

Where To Download Mergers Acquisitions And Corporate Restructuring

law as well as financial regulation. The Handbook is a comprehensive, interdisciplinary resource placing corporate law and governance in its wider context, and is essential reading for scholars, practitioners, and policymakers in the field.
