This two day lesson is the students' introduction to the Cells Unit. On Day 1, students are introduced to Cell Theory as they read text through the lens of the NGSS Crosscutting Concepts in order to make deep connections and generate questions they have surrounding the content. Then, students look at living and non living things under microscopes.

Lesson Microscope Mania Day (Part 2/2) | BetterLesson

With the exception of four of stations, I prepare the slides for each microscope. The four slides students must create themselves are the cheek cells, skin cells, elodea, and onion stations. While my students have used microscopes earlier in the year, I review some microscope tips with the students before beginning:
