Why spend hours in the kitchen when these 30 marinades make cooking so quick and simple? All that's required is the time to allow some meat, fish, vegetables, or fruit to soak up the spicy or aromatic sauce, and voila! The main part of the preparation almost takes care of itself. Among the amazingly irresistible palate-pleasers here: Chicken Escalope a la Menthe, Pork Chops with Honey and Cardamom, Scallops with Cointreau, Peppers with Basil and Garlic, and Fresh Figs and Mozzarella. It's gourmet fare—effortlessly.

This edited volume brings together original sociolinguistic and cultural contributions on food as an instrument to explore diasporic identities. Focusing on food practices in cross-cultural contact, the authors reveal how they can be used as a powerful vehicle for positive intercultural exchange either through conservation and the maintenance of cultural continuity, or through hybridization and the means through which migrant communities find compromise, or even consent, within the host community. Each chapter presents a fascinating range of data and new perspectives on cultures and languages in contact: from English (and some of its varieties) to Italian, German, Spanish, and to Japanese and Palauan, as well as an exemplary range of types of contact, in colonial, multicultural, and diasporic situations. The authors use a range of integrated approaches to examine how socio-linguistic food practices can, and do, contribute to identity construction in diverse transnational and diasporic contexts. The book will be of particular interest to students and scholars of translation, semiotics, cultural studies and sociolinguistics.

Welcome to The Three Captains. A charming bijou guesthouse on the Maine coast which is a haven of calm for guests and owners alike. When Lolly summons home her nieces, Isabel and June - one recovering from a broken heart, the other struggling to bring up her young son singlehandedly - they assume she's going to sell The 3 Cs, the place they called home after they lost their parents in a car accident. But the truth is much more heartbreaking than that. Along with Lolly's daughter Kat - also at a crossroads in her life - the women spend their first summer together in years and home truths and long-buried secrets begin to emerge. Then movie buff Lolly invites her three offspring to attend her legendary movie nights and what at first seems like a few hours of distraction from their tumultuous lives becomes so much more. What they discover shakes them to the core, brings them together after years of discord, and provides them with the inspiration that they need to truly connect with each other and find happiness.

This volume presents nineteen studies by specialists in the field of Greek lexicography. A number of papers deal with historical aspects of Greek lexicography covering all phases of the language, i.e. ancient, medieval and modern, as well as the interrelations of Greek to neighboring languages. In addition, other papers address more formal issues, such as morphological, semantic and syntactic problems that are relevant to the study of Greek lexicography, as well as the study of individual words. Finally, in one study the problem of technical linguistic terminology is addressed along with the methodological, epistemological and other issues relating to the particular problem. The work is of special interest to scholars on the long standing problems of diachronic semantics, historical morphology and word formation, and to all those interested in etymology and the study of words of the Greek language.
