Mitsubishi FTO. The Mitsubishi FTO is a front engine, front-wheel drive coupe produced by Mitsubishi Motors between 1994 and 2000. It was originally planned to be exclusively for the Japanese domestic market, although its popularity as a grey market import to the United Kingdom, Ireland, and New Zealand led to eventual limited distribution through Mitsubishi's official dealers in those countries.

parental kidnapping- a child's wrongful removal from the United States, or wrongful retention in another country, by a parent or other family member. Parents and other family members left behind may be overwhelmed by feelings of loss, anguish, despair, and anger- as well as confusion and uncertainty about what can be done in response. In December 1999, the Office of Juvenile Justice and Delinquency Prevention invited a small group of left-behind and searching parents to participate in a planning and development meeting. Each one had experienced first hand the heartbreak of having a child abducted to

- \* Prevent an international parental kidnapping.
- \* Stop a kidnapping in progress.
- \* Locate a kidnapped or wrongfully retained child in another country.
- \* Bring an abductor to justice.

This guide imparts the group's practical wisdom and the hope that other parents will not have to experience the confusion and discouragement these parents did when it was not clear what to do or whom to turn to when their children were kidnapped. The group offered its suggestions for preventing international kidnapping and gave detailed advice to maximize the chance that children who are kidnapped or wrongfully retained will be returned to this country. The guide provides descriptions and realistic assessments of the civil and criminal remedies available in international parental

This publication seeks to demystify the Blockchain phenomenon by providing a basic explanation of the technology. It analyses the relevance of this technology for international trade by reviewing how it is currently used or can be used in the various areas covered by WTO rules. In doing so, it provides an insight into the extent to which this technology could affect cross-border trade in goods and services, and intellectual property rights. It discusses the potential of Blockchain for reducing trade costs and enhancing supply chain transparency as well as the opportunities it provides for small-
