From the author of Models Don't Eat Chocolate Cookies comes a middle grade novel hailed by Linda Urban as "A perfect blend of laugh out loud funny and real-world heart." Elsie Wyzat wants to be an orchestra superstar, like her dad and grandfather. The first step? Get into a super-selective summer music camp. In order to qualify, Elsie must "expand her musical horizons" by joining her high school's marching band. Not only does this mean wearing a plumed hat and polyester pants, but it also means she can't play her own instrument, can't sit down, and can't seem to say the right thing to anyone...let alone Jake, the cute trumpet player she meets on the first day. Plus, everything she does seems to cause a disaster. Surviving marching band is going to be way harder than Elsie thought. For fans of funny, realistic, every-girl novels like Wendy Mass's 13 Gifts and Lisa Greenwald's My Life in Pink & Green. "It has humor, heart, and a touch of romance that will provide ample fodder for booktalks."--School Library Journal "Marching-band kids everywhere will enjoy this believable celebration of a life-changing, musical rite of passage."--Kirkus

One of the world's most esteemed and influential psychologists, Roy F. Baumeister, teams with New York Times science writer John Tierney to reveal the secrets of self-control and how to master it. "Deep and provocative analysis of people's battle with temptation and masterful insights into understanding willpower: why we have it, why we don't, and how to build it. A terrific read." --Ravi Dhar, Yale School of Management, Director of Center for Customer Insights Pioneering research psychologist Roy F. Baumeister collaborates with New York Times science writer John Tierney to revolutionize our understanding of the most coveted human virtue: self-control. Drawing on cutting-edge research and the wisdom of real-life experts, Willpower shares lessons on how to focus our strength, resist temptation, and redirect our lives. It shows readers how to be realistic when setting goals, monitor their progress, and how to keep faith when they falter. By blending practical wisdom with the best of recent research science, Willpower makes it clear that whatever we seek--from happiness to good health to financial security--we won't reach our goals without first learning to harness self-control.

The story of an underdog who believed in herself--and her cookies--and gave all she had to succeed. The business people said it wouldn't work, but she said it would. It did. 60 black-and-white photographs.

While working in her mother's beauty shop where all the best town's gossip flies free, Rosemary Goode becomes determined to lose the weight that seems to be an all too common topic and starts keeping a journal to record the year-long experience in achieving her goals, her relationships with others, and her feelings about life in her tight-knit Southern community.

Hester Greene loves making movies. With her camera in hand, she can focus, make decisions, and have the control she lacks in life, where her executive function disorder (think extreme ADHD plus anxiety) sabotages her every move. But middle school is not a movie, and if her last-ditch attempt to save her language-arts grade--and her chance to pass eighth grade, period--doesn't work, Hess could lose her friends, her year, even her camera. It will take more than a cool training montage to get her life together, but by thinking outside the frame, she just might craft a whole new ending. Written partially in script form, with STOP/PAUSE/PLAY/REWIND moments throughout, this laugh-out-loud story will speak to any budding filmmaker, or unintentional troublemaker, in every act of their lives.

Smart and ambitious, though occasionally insecure, Brooklyn 14-year-old Kelsey Finkelstein embarks on her freshman year of high school in Manhattan with the intention of "rebranding" herself, but unfortunately everything she tries to do turns into a total disaster.
