Put the MOTAS device in the insertion slot at the bottom of the panel. Make sure the two bottom circles of the panel are pointing toward the MOTAS device and the one on top is pointing upwards. The little triangle switches need to be up, down, up, down, up. When the MOTAS device is floating, pick it up. Click on it, then click on the second orb.

The Mystery Of Time And Space is a popular online graphic adventure game created by Jan Albartus. The game was produced using Macromedia Flash and was an early influential example of the escape the room genre. There are 20 levels of varying length, some consisting of a single room and others consisting of a large network of rooms. Though advertised as a constant work-in-progress with "new levels
