What Is Neuromarketing: Everything You ... - Neuro-Insight

From emotional design to neuromarketing. Donald Norman, director of the Design Lab at the University of California, San Diego, in his 2003 book Emotional Design, triggered the digital design community to move beyond traditional usability and towards persuasive, motivational design. He described how humans interact with interfaces on three levels: behavioural (interactions), visceral ( ' gut ' reaction), and reflective ( ' looking back ' reaction), and how these impressions affect our ...

An introduction to neuromarketing | Smart Insights

About Neuro-Insight: Neuro-Insight is a market research company that uses unique brain-imaging technology to measure how the brain responds to communications. We are the only company in the world licensed to use this patented technology, enabling us to measure second by second changes in brain activity. This allows us to deliver unique insights into how a piece of design or advertising is affecting people at both a rational and an emotional level.
