List of Nissan engines: Gasoline (Petrol) and Diesel

Many standard DOHC Nissan engines featured Variable Valve Timing, such as the VG30DETT, and as such do not use the "V" designation. "V" designation is only if the engine has variable valve lift. A good example of an engine where not all of the feature designation spots are used is the L28ET engine. The two features listed are electronic port fuel injection designated with the "E" and the ...
