addressing such topics as hell, racism, and conduct of life.

It is a curious and relatively little-known fact that for two decades—from the end of World War II until the late 1960s—existentialism's most fertile ground outside of Europe was in the Middle East, and Jean-Paul Sartre was the Arab intelligentsia's uncontested champion. In the Arab world, neither before nor since has another Western intellectual been so widely translated, debated, and celebrated. By closely following the remarkable career of Arab

existentialism, Yoav Di-Capua reconstructs the cosmopolitan milieu of the generation that tried to articulate a political and philosophical vision for an egalitarian postcolonial world. He tells this story by touring a fascinating selection of Arabic and Hebrew archives, including unpublished diaries and interviews. Tragically, the warm and hopeful relationships forged between Arab intellectuals, Sartre, Simone de Beauvoir, and others ended when, on the eve of the 1967 war, Sartre failed to embrace the Palestinian cause. Today, when the prospect of global

tormented relationship between the United States and Pakistan. Pakistan's internal troubles have already threatened U.S. security and international peace, and Pakistan's rapidly growing population, nuclear arsenal, and relationships with China and India will continue to force it upon America's geostrategic map in new and important ways over the coming decades. This book explores the main trends in Pakistani society that will help determine its future; traces the wellsprings of Pakistani anti-American sentiment through the history of U.S.-Pakistan

relations from 1947 to 2001; assesses how Washington made and implemented policies regarding Pakistan since the terrorist attacks on the United States on September 11, 2001; and analyzes how regional dynamics, especially the rise of China, will likely shape U.S.-Pakistan relations. It concludes with three options for future U.S. strategy, described as defensive insulation, military-first cooperation, and comprehensive cooperation. The book explains how Washington can prepare for the worst, aim for the best, and avoid past mistakes.

Phenomenology. "You see," he says, "if you are a phenomenologist you can talk about this cocktail and make philosophy out of it!" It was this simple phrase that would ignite a movement, inspiring Sartre to integrate Phenomenology into his own French, humanistic sensibility, thereby creating an entirely new philosophical approach inspired by themes of radical freedom, authentic being, and political activism. This movement would sweep through the jazz clubs and cafés of the Left Bank before making its way across the world as Existentialism. Featuring

not only philosophers, but also playwrights, anthropologists, convicts, and revolutionaries, *No Exit* follows the existentialists' story, from the first rebellious spark through the Second World War, to its role in postwar liberation movements such as anti-colonialism, feminism, and gay rights. Interweaving biography and philosophy, it is the epic account of passionate encounters--fights, love affairs, mentorships, rebellions, and long partnerships--and a vital investigation into what the existentialists have to offer us today, at a moment
