The Omega Enlarger Guide: Simmon Omega Enlargers menu page

Even the schools where I took photography courses didn't have Omega -- in high school we had a single 6x9 size Durst, the college darkroom had four medium format Beselers. A few weeks ago, I paid more than the tag on that enlarger for just the variable condenser lamp house, complete, to replace the cold light unit that was on my D2 when I got it.
