Truth Harry G Frankfurt

On Truth exists largely as a footnote to Harry G. Frankfurt's earlier work, On Bullshit. An excellent example of a concise, clear argument, On Bullshit was a brilliant essay on the subject of bullshitting - of communicating without any regard for truth. Bullshitters, Frankfurt argues, are distinct from liars, because liars at least know what the truth is, even though they choose to contradict it.

On Truth by Harry G. Frankfurt - Goodreads

ON TRUTH is the sequel to Harry Frankfurt's bestseller, ON BULLSHIT. While ON BULLSHIT may have been cute and entertaining, ON TRUTH is a dense discussion of society's use and misuse of truth, honesty, and candor. Not at all humorous, it may qualify as the longest 90 minutes an audiobook listener may ever experience.

On Truth. Harry G. Frankfurt. Having outlined a theory of bullshit and falsehood, Harry G. Frankfurt turns to what lies beyond them: the truth, a concept not as obvious as some might expect. Our culture's devotion to bullshit may seem much stronger than our apparently halfhearted attachment to truth. Some people (professional thinkers) won't even acknowledge "true" and "false" as meaningful categories, and even those who claim to love truth cause the rest of us to wonder whether they, too ...

On Truth | Harry G. Frankfurt | download

On Truth is a 2006 book by Harry Frankfurt, a follow-up to his 1986 essay, On Bullshit. It develops the argument that people should care about truth, regardless of intent to be truthful. It explicitly avoids defining "truth" beyond the concept commonly held, which corresponds to reality. References

ebook: PDF On Truth by Harry G. Frankfurt

On Bullshit is a 2005 book by philosopher Harry G. Frankfurt which presents a theory of bullshit that defines the concept and analyzes the applications of bullshit in the context of communication. Frankfurt determines that bullshit is speech intended to persuade without regard for truth. The liar cares about the truth and attempts to hide it; the bullshitter doesn't care if what they say is true or false, but rather only cares whether their listener is persuaded. Frankfurt's philosophical analysis

On Bullshit - Wikipedia

Harry G. Frankfurt quotes Showing 1-30 of 42. " The contemporary proliferation of bullshit also has deeper sources, in various forms of skepticism which deny that we can have any reliable access to an objective reality and which therefore reject the possibility of knowing how things truly are. These "anti-realist" doctrines undermine confidence in the value of disinterested efforts to determine what is true and what is false, and even in the intelligibility of the notion of objective inquiry.

Harry Frankfurt is an American philosopher and author of the New York Times Best Seller "On Bullshit". Although first conceived as an essay over 30 years ago...

Bullshit! | Featuring Harry Frankfurt - YouTube

A professor emeritus of philosophy at Princeton University, Harry G. Frankfurt penned a surprise smash hit with his New York Times best seller *On Bullshit*, which insightfully and wittily captured the human capacity for, and tendency toward, BS. Now he examines the other side of the coin with this equally entertaining and provocative follow-up.

On Truth by Harry G. Frankfurt | Audiobook | Audible.com

Frankfurt, one of the world's most influential moral philosophers, attempts to build such a theory here. With his characteristic combination of philosophical acuity, psychological insight, and wry humor, Frankfurt proceeds by exploring how bullshit and the related concept of humbug are distinct from lying.

On Bullshit | Princeton University Press

"On Bullshit" and "On Truth," by Harry Frankfurt *Salticidae Philosophiae* is a series of abstracts, commentaries, and reviews on philosophical articles and books. Harry Frankfurt asks, "What is bullshit, anyway?" Also, "What is truth?" but we all know that book proposal wouldn't have flown except as a companion to the first one.

"On Bullshit" and "On Truth," by Harry Frankfurt - LessWrong

Frankfurt takes the position that a "deplorable mistake" would be unleashed abroad if there should develop in today's world a widespread lack of caring for the "value and importance" of truth. He finds a disregard for truth "endemic" among publicists and politicians, but he has discovered a similar attitude growing among authors.
