In this new installment in the engaging mystery series Booklist called “pitch-perfect” and “enthraling”—currently in development as a BBC television series—the incomparable playwright, novelist, raconteur, and now ex-convict Oscar Wilde faces his most fiendishly puzzling case yet. Oscar Wilde has fled to France after his release from Reading Gaol. Tonight he is sharing a drink and the story of his cruel imprisonment with a mysterious stranger. Oscar has endured the treadmill, solitary confinement, censored letters, no writing materials. Yet even in the midst of such deprivation, his astonishing detective powers remain undiminished—and when first a brutal warder and then the prison chaplain are found murdered, who else should the governor turn to for help other than Reading Gaol’s most celebrated inmate?

London, 1889. Oscar Wilde, celebrated poet, wit, playwright and raconteur is the literary sensation of his age. All Europe lies at his feet. Yet when he chances across the naked corpse of sixteen-year-old Billy Wood, posed by candlelight in a dark, stifling attic room, he cannot ignore the brutal murder. With the help of fellow author Arthur Conan Doyle he sets out to solve the crime -- but it is Wilde's unparalleled access to all degrees of late Victorian life, from society drawing rooms and the bohemian demi-monde to the underclass, that will prove the decisive factor in their investigation of what turns out to be a series of brutal killings. The Oscar Wilde Murders is a gripping detective story of corruption and intrigue, of Wilde's growing success, of the breakdown of his marriage, and of his fatal friendship with Aidan Fraser, Inspector at Scotland Yard...Set against the exotic background of fin-de-siecle London, Paris, Oxford and Edinburgh, Gyles Brandreth recreates Oscar Wilde's trademark sardonic wit with huge flair, intertwining all the intrigue of the classic English murder mystery with a compelling portrait of one of the greatest characters of the Victorian age.

“Tells the poignant story of Constance in the aftermath of Wilde’s trials and imprisonment, and of her brave attempts to keep in contact with him despite her suffering.” —The Irish Times In the spring of 1895 the life of Constance Wilde changed irrevocably. Up until the conviction of her husband, Oscar, for homosexual crimes, she had held a privileged position in society. Part of a gilded couple, she was a popular children’s author, a fashion icon, and a leading campaigner for women’s rights. A founding member of the magical society The Golden Dawn, her pioneering and questioning spirit encouraged her to sample some of the more controversial aspects of her time. Mrs. Oscar Wilde was a phenomenon in her own right. But that spring Constance’s entire life was eclipsed by scandal. Forced to flee to the Continent with her two sons, her glittering literary and political career ended abruptly. She lived in exile until her death. Franny Moyle now tells Constance’s story with a fresh eye. Drawing on numerous unpublished letters, she brings to life the story of a woman at the heart of fin-de-siècle London and the Aesthetic movement. In a compelling and moving tale of an unlikely couple caught up in a world unsure of its moral footing, Moyle unveils the story of a woman who was the victim of one of the greatest betrayals of all time.
