Legend Drizzt 10 Ra

Salvatore

The epic tale of everyone's favorite dark elf reaches new heights when Drizzt and his companions set out to reclaim a lost dwarven stronghold Drizzt Do'Urden still struggles with his own inner voices, voices that call him back to the pitiless depths of the Underdark. But louder still are the voices of his newfound friends Bruenor, Wulfgar, and Regis—and the call of a dream that, at long last, Bruenor has decided to fulfill. Long ago, Bruenor and his people were driven from their home in Mithral Hall by a shadow dragon of

Aided by the combined might of his friends, Bruenor sets out on a treacherous quest for Mithral Hall, finding obstacles at every turn. But despite the terrors of the Trollmoors and the racism aimed at Drizzt, the group continues to fight—together. Streams of Silver is the second book in the Icewind Dale Trilogy and the fifth book in the Legend of Drizzt series.

lawless strife, monsters unleashed, and avatars roaming Faerûn was still to come. Unbeknownst to mortals, the gods had been summoned together, and among them was Mystra, grown proud and willful in the passing eons. With the others, she was about to be stripped of her godhood. The secret of her power gave her an idea. She made certain preparations, looking always for one who would be her successor . . . But until that person's ascension, her power must be preserved. A lone mortal must carry the greater share of her divine energy until the power could be reclaimed, and it was the
