Dr. James Dobson is the founder of Family Talk, a nonprofit organization that produces his radio program, Dr. James Dobson's Family Talk. He has an earned PhD from the University of Southern California, and is the author of more than fifty books dedicated to the preservation of the family.

Preparing for Adolescence: How to Survive the Coming Years ...

Early adolescence can be a challenging time for children and parents alike. Parents often feel unprepared and they may view the years from 10 through 14 as a time just "to get through." However, research and common sense tell us that this view is very limited. During the early adolescent years, parents and families can greatly influence the ...

Helping Your Child through Early Adolescence (PDF)

10 Facts About Adolescence (How to Help Parents Survive the At-Home Quarantine) 1. They are literally missing parts of their brain. No, Seriously. We aren't talking zombie-movie either. Adolescents have a part of the brain, the frontal lobe, that doesn't fly at max capacity until around 25.
