Paul Halpern's book *The Pursuit Of Destiny* is three excellent books in one. The first book is a look at humankind's attempts to predict the future through the ages from a physicist's point of view. The second book is a good overview of physics through the ages, including Newtonian mechanics, relativity, quantum mechanics, chaos, and complexity.

Patton: *The Pursuit of Destiny* doesn't gloss over his faults, but lays its emphasis upon his brilliance as a battlefield commander, tactician, trainer, leader, and military expert. With flamboyant style and impulsive charisma, Patton was a harsh taskmaster who wrote tender letters home—a paradox of a man whose military efforts would make him one of America's greatest generals. 193 pages, softcover.

This synthesis of the ancient mysteries goes beyond astrology and Tarot to shed new light on the eternal question of personal destiny. The author examines the conditioning factors of time and birthdate and reveals a ten-day cycle formula that will help you understand yourself and others with amazing accuracy.

Without varnishing over his shortcomings, Patton: *The Pursuit of Destiny* shatters myths and builds a compelling case for a deeper appreciation of the man who inspired unsurpassed loyalty and admiration from the soldiers who served under him.

What is it going to take to fulfill your destiny - great networking, hard work, perseverance, money? All of these are important, but as Dr Garande shows in this life changing book, fulfilling your destiny is first and foremost about discovering God's purpose for your life and then aggressively living it out. In his latest book *In Pursuit of Destiny*, Dr Garande outlines ten key principles that will propel you towards achieving your biggest dreams. Principles that can be understood and mastered by absolutely anyone. They include: Locate your Lane - Recognize that there is a unique lane that you have to discover and run in if you are to achieve greatness. Learn how to hear God's voice - Discover how to be divinely directed into your destiny. Don't get distracted - Learn how to look out for and avoid the destiny stealers that will try and hinder you on your journey. Get rid of inferiority - Rid yourself of those age old feelings of inferiority that have so far stopped you from discovering what you are really capable of.

"Today, Dr. Dragos is an award-winning scientist, filmmaker, and speaker who has presented on five continents. His beginnings in Romania, however, were humble, and in this book the reader gets a few glimpses of formative periods of his upbringing. While pursuing a doctoral program in Germany, he audaciously decides that he will travel to the North and South Pole—even though he's surviving on just \$100 a month. Dr. Dragos describes the hard work, serendipitous moments, and amazing people he meets in the pursuit and fulfillment of this dream, and how it ignited in him the passion to inspire others to pursue their dreams by creating a film, *The Amazing You*. Dr. Dragos continues by taking the reader behind the scenes in Silicon Valley, NASA headquarters, Buddhist monasteries, and Masonic temples as he holds conversations with influential movers and shakers as well as everyday people. Interweaving these conversations with tales of others who have pursued their passions, Dr. Dragos connects science, spirituality, and entrepreneurship to inspire you and empower you to make your dreams a reality. You'll understand why now is the best time in history to bring your ideas to fruition and how your passion can be turned into practice. Dr. Dragos shows you how to find inner peace and release your fears, and transform hurt into power and dreams into reality!"--

When life is pulling you your DRIVE will keep you. It will move you and allow you to be who God is calling you to be.It is the leading and guiding of your life. It is the Destiny that is propelling you forward. The Rhythm of your life, it is your DRIVE.

Unforgiving Destiny follows the true story of the 37-year pursuit by authorities on five continents to imprison and execute David McMillan as he travelled as an independent smuggler. Readers have called this sprawling yet fast-paced saga, "The benchmark for true-crime writing," and includes new details of the notorious Bangkok escape. Dogged by an obsessed DEA agent, he evades the death penalty in Thailand by escaping prison, only to be 'disappeared' in Pakistan jails after crossing the Afghan border. After every downfall, McMillan rebuilds his life and network only to find the same agency people arranging capture by any means. In this private history, readers are taken to the streets of New York City and Colombia, then through the war-zones of Afghanistan and torture cells in Karachi. At the same time, McMillan balances a double life of a London gentleman with the women in his life oblivious to his true nature. Look to the author's page to hear readings, video, background, film links and see the faces behind this extraordinary journey. In one reviewer's words, "Unforgiving Destiny is a mini-masterpiece. Outstanding." "Imagine losing everything you care about. Home, family, freedom, every object that built your life," writes McMillan. "Then locked in some of the world's worst prisons. Even if you survive, there are little deaths feeding on your guts - when that repeats five times over thirty years, those little deaths drain your soul." Unforgiving Destiny - the Relentless Pursuit of a Black Marketeer reveals the ultimate cost of survival in the darkest of dark worlds. Unforgiving Destiny includes an integrated chapter on the Bangkok-prison breakout and answers many of the questions raised by the over 100,000 readers of 'Escape: The True Story of the Only Westerner Ever to Break Out of Thailand's Bangkok Hilton'. This new and most personal biography reveals the fears, ambitions and motivations of a man both driven and pursued, surviving the unthinkable, and the effects upon those he loves. McMillan is the last survivor of the small band of independent smugglers, and as such has now told much that could not have been told before. Only in 2016 was he free to speak, after the Thai government abandoned all attempts to extradite him to again face a death penalty. Few other lives have been so extraordinary or more clearly told. Renowned thriller writer Stephen Leather, after reading *Escape*, wrote: 'David makes no excuses for his life as a professional drug smuggler and asks for no sympathy. While most of David's fellow prisoners gave up hope and accepted their fate, he decided from Day One that he had no alternative other than to do what no other Westerner had ever managed - to escape! David is a great writer...' Unforgiving Destiny raises the standard for fast-paced autobiographies of extraordinary people, written in a style that is heart-rending yet often humorous as McMillan sets ego aside and invites readers into his hidden domain.

Dedicated to Destiny: How to navigate the 6 stages of transformation and live your destined life. Studies show that change is doubling each year and how we adapt to change will have a direct impact on our lives and the world. As the world transforms, so do we. The time is now for us all to live the happiest, healthiest and truest version of ourselves. In *Dedicated to Destiny*, leadership coach, Angel Carlton provides strategies of self-discovery in six stages. These provide the "how-to" for seekers of a more fulfilling life to get where they want to be. The six stages of transformation are Realize, Release, Rebound, Reinvent, Resurrect and Respond. Awareness of these stages allows readers to understand where they have been, where they are now, and where they are heading. The six stages provide a fresh outlook on life while helping clear the clutter that prevents many people from achieving greatness.
