This is a story that starts in 1986 when a professor creates and links an alternate universe. Universe A and Universe B are linked and travel between the two ensues.

Regarding Ducks and Universes by Neve Maslakovic

The two universes have a privacy law that far exceeds anything we have here in our universe and really holds the two universes together and to a certain degree, apart. The whole same yet different concept was explored in Mielville's *The City and The City* and *Regarding Ducks and Universes* is similar yet, much easier to take in.
