The engine is a 12hp 2 cylinder diesel by Drofin / Renault Couach. I suspected the head gasket to be defective, so I pulled the cylinder head and had a look. The head gasket looks

Download File PDF Renault Couach Marine Engine

actually quite good, no obvious defects. But there is a lot of soot buildup. The engine has seen less than 100 hours of run time since someone did maintenance and supposedly replaced the gasket.

You may have an early Couach marine engine which was manufactured in Arcachon , FR. Couach and Castelnau

Download File PDF Renault Couach Marine Engine

were early boat builders in Arcachon. Both made marine engines and had foundries. Sometime in the 30's I believe they stopped making their own engines. Couach appears to have begun buying engines from Renault while
