His ex-wife, Renee has been kidnapped, that same weekend; a young student is beaten and dumped at the ER. As Jackson retraces Renee's movements and handles a high-tech, fast-moving ransom demand, Detective Lara Evans must identify the assault victim, then track down the assailant with no leads to go on, except the whispered rumor of a secret sorority. As the ransom goes wrong, Jackson grows more fearful that Katie's mother will be lost forever.

Fresh off the leave-of-absence he took following his ex-wife's tragic death, Detective Wade Jackson's life is in upheaval. He struggles to keep his grief-stricken, out-of-control daughter, Katie, from succumbing to the same alcoholism demon as her mother, while trying to reinvigorate a passion for his work. When a body is found in a local storage unit, Jackson hopes a simple open-and-shut homicide case will help him get back on track. But when the victim is identified as ex-con Craig Cooper--a former meth addict who did time for bank robbery, the spoils of which were never recovered--it becomes quickly apparent that the case will be challenging. The same night Cooper is murdered, a firebomb goes off in a bottled water factory on the other side of town. The prime suspects are from an organization called Love the Earth--eco-terrorists believed to be modeling themselves after the infamous Earth Liberation Front. Fears that new group is plotting another attack bring agents from the ATF and FBI to town, among them Jamie Dallas, an undercover agent with a wild streak, and Carla River, an FBI agent with a complicated past. When Jackson discovers a shocking link between the murder case and the bombing, they will have to work together to solve both crimes before they blow up in their faces.

LIARS, CHEATERS & THIEVES What does a man drugged and slashed to death by an unknown assailant have to do with a woman felled by a fatal heart attack after learning her bank account had been plundered? The cases seem as different as their scenarios -- late night in a tavern parking lot and early the next morning inside a bank. But a troubling theory soon unites them: Was the first crime's murder victim the second crime's mastermind? There's a case to be made for the connection between slain Iraq War vet Rafel Mazari and the bogus veterans' charity that robbed Molly Pershing of her money and her life. But Detective Wade Jackson and his homicide team have even more damning evidence against Mazari's wife -- including a hypodermic needle and a scalpel. But when an identical murder claims the victim's best friend, Jackson suspects a motive darker and more devastating than infidelity, greed, or love turned lethal.

DYING FOR JUSTICE After ten years in prison, the man convicted of murdering Detective Wade Jackson's parents declares his innocence. After two years in a coma, a woman suspected of attempted suicide awakens, claiming her ex-husband tried to kill her. Now, two of the most baffling cases facing the Violent Crimes Unit of Eugene, Oregon, will put Jackson and his protegee, Detective Lara Evans, through their most grueling investigations yet. Probing accusations of corruption, coercion, and justice denied, Jackson uncovers long-buried secrets that hit even closer to home than his parents' murders. Meanwhile, Evans shadows a notorious fellow cop who abuses more than just power. Jackson is on a quest to absolve the innocent and punish the guilty. Evans is determined to prove her worth and protect the

vulnerable. But when increasingly dark revelations in each case begin to intertwine, the two detectives will meet in a volatile confrontation with a desperate killer terrified of losing everything."

Detective Wade Jackson, of Eugene Oregon's Violent Crimes Division, has more than a professional interest in the disappearance of Danette Blake. In addition to being the mother of an infant, the missing young woman is also the widowed daughter-in-law of Kera Kollmorgan — the woman Jackson loves. But the politics surrounding the mysterious death of Courtney Durham, a notorious party girl with rich, powerful parents, trumps Jackson's personal concern. While all signs indicate Danette has fled the pressures of single motherhood, it appears Courtney's reputation for walking on the wild side led to her homicide. But without evidence of foul play, Jackson may be probing "crimes" that never happened. As headquarters turns up the heat, he follows a trail of twists and turns to a secretive psychiatrist, a sleazy strip-club owner, a benevolent organization for needy mothers, and a bizarre service for edgy thrill-seekers. The deeper he descends into Courtney's wanton world, the more suspects, motives, and disturbing facts he uncovers. And though it's hardly the first time a case has led Jackson into dark territory, he winds up face-to-face with the last person he expects.

As a nurse and youth counselor at Eugene, Oregon's Planned Parenthood clinic, Kera Kollmorgan has endured her share of harassment from fanatical abortion foes. But it only strengthens her resolve. Then a bomb blast rips through the clinic and, soon after, a teenage girl Kera recently treated is found naked and murdered in a dumpster. Kera fears the bitter abortion war in her small community has reached a terrifying new level. The sexualized killing of Jessie Davenport hits close to home for Detective Wade Jackson. Raising his teenage daughter alone, he understands better than anyone the predatory world that threatens young women. But he never expects his grim investigation will lead to a teenage Bible-study club, the dark underside of high school life, and even the halls of political power. Now he must confront two shockingly different suspects with nothing in common — except a taste for sex and violence. As Jackson's manhunt intensifies, Kera becomes a marked woman, stalked by a crazed crusader. And when the fates of the detective and nurse intersect, a world of righteous rage, sexual secrecy, and chilling obsession threatens to blow them apart.

The development of crime policy in the United States for many generations has been hampered by a drastic shortage of knowledge and data, an excess of partisanship and instinctual responses, and a one-way tendency to expand the criminal justice system. Even if a three-decade pattern of prison growth came to a full stop in the early 2000s, the current decade will be by far the most punitive in U.S. history, hitting some minority communities particularly hard. The book examines the history, scope, and effects of the revolution in America's response to crime since 1970. Henry Ruth and Kevin Reitz offer a comprehensive, long-term, pragmatic approach to increase public understanding of and find improvements in the nation's response to crime. Concentrating on meaningful areas for change in policing, sentencing, guns, drugs, and juvenile crime, they discuss such topics as new priorities for the use of incarceration; aggressive policing; the war on drugs; the need to switch the gun control debate to a focus on crime gun regulation; a new focus on offenders' transition from confinement to freedom; and the role of private enterprise. A book that rejects traditional liberal and conservative outlooks, *The Challenge of Crime* takes a major step in offering new approaches for the nation's responses to crime.

Iconoclastic detective Jackson Brodie returns in a triumphant new novel about secrets, sex, and lies. Jackson Brodie has relocated to a quiet seaside village, in the occasional company of his recalcitrant teenage son and an aging Labrador, both at the discretion of his ex-partner Julia. It's picturesque, but there's something darker lurking behind the scenes. Jackson's current job, gathering proof of an unfaithful husband for his suspicious wife, is fairly standard-issue, but a chance encounter with a desperate man on a crumbling cliff leads him into a sinister network -- and back across the path of his old friend Reggie. Old secrets and new lies intersect in this breathtaking novel by one of the most dazzling and surprising writers at work today. "Thank goodness the long Jackson Brodie hiatus is over." --Janet Maslin, *New York Times*
