Semper Fi (The Corps series Book 1) - Kindle edition by ...

Semper Fi, the first of W.E.B. Griffin's books in "The Corps" series, follows the exploits of a young Marine in years leading up to World War II. It is not a war story inasmuch as there are few battles fought along the way. It is, though, an quick-moving ride along with the ascension of our protagonist Kenneth McCoy.

This is a terrific book about the US Marine Corps prior to Pearl Harbor. The protagonist is a US Marine corporal stationed in Shanghai, China. He is an exceptional man in a humble position. The characterizations in this novel are first-rate and the storyline moves at a deliberate and fast pace serving to make this novel a true page-turner.

Semper Fi, The Corps Book I Hardcover – January 1, 1987

Semper Fi by W.E.B. Griffin is the first in the series of books on The Corps. The Preface provides the background to events in China, beginning in the 1900s with the Boxer Rebellion. The problem is settled with the Protocol of 1901 which places troops of the foreign powers in China.

Amazon.com: Customer reviews: Semper Fi (The Corps, Book 1)

Semper fidelis (Latin pronunciation: [ˈsɛmpɪrɪ ˈfɪdeːlɪs]) is a Latin phrase that means "always faithful" or "always loyal". It is the motto of the United States Marines, usually shortened to Semper Fi. It is also in use as a motto for towns, families, schools, and other military units. It is thought that it originated from the phrase that the senators of ancient Rome declaimed at the end ...

Semper fidelis - Wikipedia

"Semper Fidelis", written in 1888 by John Philip Sousa (The March King), is regarded as the official march of the United States Marine Corps. This piece was one of two composed in response to a request from United States President Chester Arthur for a new piece to be associated with the United States President. The words Semper Fidelis are Latin for "Always Faithful."

Semper Fidelis (march) - Wikipedia

E. B. Griffin. Customers Who Bought This Item Also Bought A Place Called Freedom by Ken Follett | Summary & Study Guide

The New York Times bestselling author of the acclaimed Brotherhood of War saga brings to life the men of the Marine Corps in the first Novel of the Corps. From Shanghai to Wake Island, the Corps was America's first line of defense as the winds of war exploded into the devastating surprise attack on Pearl Harbor. Now, this elite group of courageous, honorable men steel themselves for battle, prepared to make the ultimate sacrifice...

Traces the history of the Marine Corps from the American Revolution to the present and reveals how the force has adapted to changing times.

For more than 200 years, the U.S. Marine Corps has been a paragon of world-class leadership, excelling in the areas of motivation, training, and management. Semper Fi -- which since its hardcover publication has become a best-selling, business leadership classic -- shows readers how to adapt these proven practices for their own organizations. Semper Fi goes behind the scenes to pinpoint what works for the USMC, showing readers how to create a training and management culture that brings out the best in all their employees. The book gives readers tough, practical tips for: * inspiring individual initiative * rewarding hard work * encouraging loyalty * working with limited resources * dealing with change * "leading the troops" at every level of the organization. "This is not," according to Dan Rather, "one of those mumbo-jumbo, pseudo-philosophical books on leadership. Semper Fi is a book you will actually USE, read, and refer to again and again."

The attack on Pearl Harbor swept America into the raging heart of the war. The stormy South Pacific presented a daring new challenge, and the men of the Corps were ready to fight. An elite fraternity united by a glorious tradition of courage and honor, the Marine Raiders were bound to a triumphant destiny. Now, the bestselling author of the acclaimed BROTHERHOOD OF WAR saga continues the epic story begun in Semper Fi. A story of lovers and fighters, leaders and heroes--the men of the United States Marine Corps...

With more than 1,100 images and a text written by respected author and veteran Colonel H. Avery Chenoweth, this tribute to the U.S. Marines shines with all the pride of the Marines themselves. Salute the few, the proud, the Marines. From their founding in 1794 to their most recent actions-including the second battle of Falluja-the entire history of the U.S. Marine Corps comes vividly to life in these lushly illustrated pages. Pore through the comprehensive images of nearly every Marine hero, uniform style, sidearm, saber, weapons platform, recruiting poster, plane, helicopter, boat, and mess kit. Many of the photos were shot right at the Historical Center at Quantico, Virginia, and they include rare and never-before-seen artifacts from the Marines' long history. Colonel H. Avery Chenoweth provides fascinating background information and context to compliment the visual journey.

The Year is 2040. The Marines have landed on Mars to guard the unearthed secrets of an ancient and dangerous alien race: Ourselves. Scientists have discovered something astonishing in the subterranean ruins of a sprawling Martian city: startling evidence of an alternative history that threatens to split humanity into opposing factions and plunge the Earth into chaos and war. The USMC -- a branch of a military considered, until just recently, to be obsolete -- has dispatched the Marine Mars Expeditionary Force, a thirty-man weapons platoon, to the Red Planet to protect American civilians and interest with lethal force if necessary. Because great powers are willing to devastate a world in order to keep an ancient secret buried. Because something that was hidden in the Martian dust for half a million years has just been unearthed . . . something that calls into question every belief that forms the delicate foundation of civilization . . . Something inexplicably human.

A Leatherneck by any other name can still kick ass, which is just what retired United States Marine Corps Captain Tanner Wilks plans to do when he returns to his Texas family ranch to care for his ailing father. And nothing will stop him from achieving his mission—not even a lithe, brown-eyed town veterinarian who seems hell-bent on driving him wild. Captain Tanner Wilks, honorably discharged from the U.S. Marine Corps, returns home to find his father struggling after his latest heart attack. Worse yet, Julia Heller—the sexy new girl in town that he once spent a hot night with—is the resident veterinarian who's made a home for herself at Round Top ranch, and doesn't seem to be in a rush to repeat their time together. It falls on Tanner's shoulders to take on the ranch and keep an eye on his father before he falls victim to another heart attack. But Julia doesn't appreciate Tanner coming in or pursuing her. Even if he's hot as hell and can make her quiver with just a look. Ousting her may give Tanner the leverage he needs to corral his father, but first he has to wrestle with his own heart.

This highly acclaimed and comprehensive history of the Marine Corps is the definitive story of the Corps from its beginnings at sea, to an amphibious assault force during World War II, to the principal force in readiness for action for the last 45 years. Completely revised and updated, this new edition of Semper Fidelis promises to be the history of the Marines for the decade ahead. Two 8-page photo inserts.

Follow a group of young men as they go through Marine Corps boot camp in 1962, at Parris Island, South Carolina, during the Cuban Missile Crisis, in 1962, and then on to their duty stations and, for some, Vietnam. If you want to know what the Marine Corps was really like in the 1960's and those that served during this tumultuous time in history this is the book for you!
