This book contains solutions to the Practice Questions that appear at the ends of chapters in my book Options, Futures, and Other Derivatives, 9th edition, Global Edition. The questions have been designed to help readers study on their own and test their understanding of the material. They range from quick checks on whether a key point is understood to much more challenging applications of analytical techniques.

Manual

If you are purchasing the paperback (7th edition) of the Student Solution Manual " Options, Futures, and other Derivatives" by John C. Hull, the Cover says "CD-ROM included", but in reality it is NOT included. I ordered two replacement books before being informed that the CD-ROM is only included in the Hardcover edition.
