This work looks at conflicts between the Hutu and the Tutsi in Burundi. It is also a profile of the Hutu and the Tutsi as a people. They are two social groups which claim separate identities on ethnic or tribal basis although they speak the same language and have the same culture. The work also looks at conflicts in eastern Congo which led to the downfall of President Mobutu

Sese Seko of what was then known as Zaire. The author also looks at attempts by regional neighbours to resolve the conflict between the Hutu and Tutsi in Burundi, especially the role played by Tanzania and its former president, Julius Nyerere, who was the chief mediator. Most of Burundi's exports and imports go through Tanzania, giving the country leverage as the main facilitator of the peace process which sometimes has involved economic sanctions against Burundi. The conflict between the Hutu and the Tutsi is one of Africa's intractable problems. It is also one of

the oldest in the post-colonial era. The book sheds some light on the complex situation in Burundi and on relations between the two groups. It also provides some insights into what can be done to resolve one of Africa's perennial problems. It can also be helpful to those who are trying to learn about Burundi for the first time. Students of African studies may also find this work to be useful.

This resource serves to educate lawyers and business professionals on how to draft the many types of "boilerplate" provisions, a legal term that refers to

the standardized, one-size-fits-all provisions of a contract. Each chapter tackles one of 20 provisions and analyzes why it is important, the key legal and business issues raised, and how to draft the provision to suit a particular transaction. Such analysis not only helps readers better understand how to draft these provisions in their contracts, but also helps them better understand the other party's process.

This tale of an ambitious inventor in France as the Revolution looms is “brilliantly playful . . . full of lore and lewdness”

(Chicago Tribune). "A portrait of a young mechanical genius in 18th-century France, delivered along with a gallimaufry of odd and intriguing facts and a rich, lusty picture of society in that time and place." -Publishers Weekly

In France, on the eve of the Revolution, a young man named Claude Page sets out to become the most ingenious and daring inventor of his time. Over the course of a career filled with violence and passion, Claude learns the arts of enameling and watchmaking from an irascible, defrocked abbé, then apprentices himself to a pornographic bookseller

and applies his erotic erudition to the seduction of the wife of an impotent wigmaker. But it is Claude's greatest device—a talking mechanical head—that both crowns his career and leads to an execution as tragic as that of Marie Antoinette, and far more bizarre. “Like a joint effort by Henry Fielding and John Barth” (Chicago Tribune), this “captivating novel” (San Francisco Chronicle) marked the debut of one of the finest literary artists of our time. “A Case of Curiosities . . . really is brilliant. Also witty, learned, ingenious, sly, and bawdy.” —Entertainment

The classic literature on predation dealt almost exclusively with solitary predators and their prey. Going back to Lotka-Volterra and optimal foraging theory, the theory about predation, including predator-prey population dynamics, was developed for solitary species. Various

consequences of sociality for predators have been considered only recently. Similarly, while it was long recognized that prey species can benefit from living in groups, research on the adaptive value of sociality for prey species mostly emerged in the 1970s. The main theme of this book is the various ways that predators and prey may benefit from living in groups. The first part focusses on predators and explores how group membership influences predation success rate, from searching to subduing prey. The second part focusses on how prey in groups can

detect and escape predators. The final section explores group size and composition and how individuals respond over evolutionary times to the challenges posed by chasing or being chased by animals in groups. This book will help the reader understand current issues in social predation theory and provide a synthesis of the literature across a broad range of animal taxa. Includes the whole taxonomical range rather than limiting it to a select few Features in-depth analysis that allows a better understanding of many subtleties surrounding the issues related to social

of studies are integrated to provide a clear picture of bilingual education in today's schools, and a professional understanding of the foundations and issues surrounding bilingual education programs. The recommendations offered provide a comprehensive basis for planning, developing, improving, and evaluating bilingual programs. For clarity, these recommendations are discussed with respect to the whole school, the curriculum, and the classroom, but it is stressed that they need to be applied in a holistic way because they depend on each

achievements, that early start might suggest that his career was a straight shot to the top. The truth is, Erna took so many detours during the years between his first instrument and Godsmack's first contract that, more than once, he nearly forgot his destination. In *The Paths We Choose*, he relates the turbulent story of his life before the platinum albums and packed arenas. Sully's story shows us that whatever hardship we may face, ultimately, our choices determine our destiny. He's made the most of every advantage and obstacle he has faced, and reminds us

that we can, too. For Sully, success is not an ultimate destination. Every day brings a new fork in the road, another path to choose

Akano the Futanari has promised Matt and Amanda she can get them into a posh VIP lounge at an upscale restaurant. This requires getting past a very pretty but snooty Maitre Di. But as seen in the previous 2 books in this series the Futanari is very persuasive. There is also ice-skating, romance, humor and sex. This is intended for a mature audience over 18. All characters are over 18.
