Stages of faith : the psychology of human development and ...

According to Fowler, there are seven primary stages of faith (including Stage 0) in the life of the individual. They are as follows: Stage 0 – Primal Undifferentiated Faith (Ages Birth-2): This stage is very much like Erik Erikson's first stage of "trust versus mistrust." Here, the baby acquires experiences from the outer environment that either instill in him a feeling of trust and assurance (from being comforted, living in a secure and stable environment, and a experiencing a sense ...
