Stop The Thyroid Madness

Thyroid Madness Definition according to many reported patient experiences: Treating most hypothyroid patients with T4-only meds; offering no options. Dosing solely by the TSH and the total T4, or using the outdated "Thyroid Panel!". Prescribing anti-depressants in lieu of evaluating and treating the free T3. Telling thyroid patients that desiccated natural thyroid is "unreliable", "inconsistent ...

Janie's Blog - Stop The Thyroid Madness

Stop the Thyroid Madness Author: Janie A. Bowthorpe Reviewed by Fran Lewis Misinformation is really hard to counteract when you don't realize what you are being told is incorrect. Doctors have always been considered the be all and end all when it comes to patient care. Many people never question their doctors, research their medications or find out the side effects of what was prescribed.

Stop the Thyroid Madness by Janie A. Bowthorpe

Stop the Thyroid Madness LLC cannot do that for you, nor be responsible for any facility, and you agree to that. Need to test your cortisol levels? This is one of the best saliva cortisol tests out there, with four results and a range per result. None of the silly "less than" goals. A great variety of tests! But they do NOT have a good saliva test--it has these ridiculous "less than ...

Recommended Labwork - Stop The Thyroid Madness

Stop the Thyroid Madness II (each chapter topic contributed by a practitioner.) Perfect for patients to read the perspective of a medical professional, or for practitioners to see that some of their colleagues see the same thing that informed thyroid patients see) This does not replace #1 or #2. 2012 translations of #2 above in German, Swedish and Spanish. Based on previous revision of #2 ...
