The Night. By Henry Vaughan. John 3.2. Through that pure virgin shrine, That sacred veil drawn o'er Thy glorious noon, That men might look and live, as glowworms shine, And face the moon, Wise Nicodemus saw such light. As made him know his God by night.

(Ruth Stone, June 8, 1915 - November 19, 2011) And suddenly, it's today, it's this morning they are putting Ruth into the earth, her breasts going down, under the hill, like the moon and sun going down together. O I know, it's not Ruth--what was Ruth went out, slowly, but this was her form, beautiful and powerful as the old, gorgeous goddesses who were terrible, too, not telling a lie for anyone--and she'd been left here so long, among mortals, by her mate--who could not, one hour, bear ...

The night is chilly, but not dark. The thin gray cloud is spread on high, It covers but not hides the sky. The moon is behind, and at the full; And yet she looks both small and dull. The night is chill, the cloud is gray: 'Tis a month before the month of May, And the Spring comes slowly up this way.

and suddenly I saw the heavens unfastened and open, planets, palpitating plantations, shadow perforated, riddled with arrows, fire and flowers, the winding night, the universe. One of the most respected artists in popular music today, Jewel is much more than a music industry success with her debut album selling more than 10 million copies. Before her gifted songwriting comes an even more individual art: Poetry. Now available in paperback, A Night without Armor highlights the poetry of Jewel taken from her journals which are both intimate and inspiring, to be embraced and enjoyed. Writing poems and keeping journals since childhood, Jewel has been searching for truth and meaning, turning to her words to record, to discover, and to reflect. In A Night Without Armor, her first collection of poetry, Jewel explores the fire of first love, the lessons of betrayal, and the healing of intimacy. She delves into matters of the home, the comfort of family, the beauty of Alaska, and the dislocation of divorce. Frank and honest, serious and suddenly playful, A Night Without Armor is a talented artist's intimate portrait of what makes us uniquely human.

A collection of haunting, mystical poems of the night by the great Rainer Maria Rilke - most of which have never before been translated into English One night I held between my hands your face. The moon fell upon it. In 1916, Rainer Maria Rilke presented the writer Rudolf Kassner with a notebook, containing twenty-two poems, meticulously copied out in his own hand, which bore the title "Poems to Night." This cycle of poems which came about in an almost clandestine manner, are now thought to represent one of the key stages of this master poet's development. Never before translated into English, this collection brings together all Rilke's significant night poems in one volume.

A Sudden Sky is a book of northern poems with crystalline images and lines, fragile graceful poems that speak of fragments, of the moment between open and closed eyes, of the human need for embrace. These poems note the spaces between things - always a gap, a failed connection, like radio waves caught in the sky. I REFUSE to accept the spine's dictated script which at the precise moment lets itself dissolve, lets itself be inserted as a footnote of terror in the great law that has condemned us to carry the quake's loosening when the alibi doesn't hold and the body surrenders itself when dawn cleans up among the stars Gernes has called poetry "a resistance movement", explaining "A poem gives us the possibility of hearing our own voices. While the media offer us the world in small pieces, which are experienced as chaos, poetry seeks connections".

Winner of the 2014 National Book Award for Poetry A luminous, seductive new collection from the "fearless" (The New York Times) Pulitzer Prize-winning poet Louise Glück is one of the finest American poets at work today. Her Poems 1962-2012 was hailed as "a major event in this country's literature" in the pages of The New York Times. Every new collection is at once a deepening and a revelation. Faithful and Virtuous Night is no exception. You enter the world of this spellbinding book through one of its many dreamlike portals, and each time you enter it's the same place but it has been arranged differently. You were a woman. You were a man. This is a story of adventure, an encounter with the unknown, a knight's undaunted journey into the kingdom of death; this is a story of the world you've always known, that first primer where "on page three a dog appeared, on page five a ball" and every familiar facet has been made to shimmer like the contours of a dream, "the dog float[ing] into the sky to join the ball." Faithful and Virtuous Night tells a single story but the parts are mutable, the great sweep of its narrative mysterious and fateful, heartbreaking and charged with wonder.

Billy Collins has emerged as the most beloved American poet since Robert Frost, garnering critical acclaim and broad popular appeal. Annie Proulx admits, "I have never before felt possessive about a poet, but I am fiercely glad that Billy Collins is ours." This special, limited edition celebrates Billy Collins's years as U.S. Poet Laureate. Questions About Angels--one of the books that helped establish and secure his reputation and popularity during the 1990s--is remarkable for its wry, inquisitive voice and its sheer imaginative range. Edward Hirsch selected this classic book for the National Poetry Series, and each of Collins's poems--from his meditation on forgetfulness to his musings on the behavior of angels--is an exploration of imaginative possibilities. Whether reading him for the first time or the fiftieth, this collector's edition is a must-have for anyone interested in the poet the New York Times calls simply "the real thing."

"In late August of 1975 when my wife Gailyn and I and our one-and-a-half-year-old daughter arrived in Bolinas, I was almost 29 years old and had become known for writing minimal poetry sometimes consisting of a single word", Aram Saroyan writes in his introduction to Day and Night. "A young writer's ego is a delicate matter, subject as it is to routine battery and assault. When I wrote the first section of a long poem called 'Lines for My Autobiography' one afternoon on the typewriter in the poet Joanne Kyger's house. I was both exhilarated and uneasy. After all, it was two and a half pages long and I'd never before written a poem of even half its length. I ended up throwing it in the waste basket, but Gailyn fished it out, read it, and told me it was the best thing I'd ever written and to go on writing it". That poem and many others like it -- limpid, direct, revealing, open-hearted essays toward a first-person life story -- make up Saroyan's very appealing book about "big-city boys..becoming farmers" in an eccentric, idealist, crackpot-utopian California beach town in the 1970s. This is an unshamefully youthful book, starry-eyed in its approach to family-starting and community-founding, innocently celebrative of the simple wonders of a life lived close to nature. Glancing back at a glamorous but troubled childhood spent among the bright lights of Manhattan and the luxuriant palms of Beverly Hills, the young Saroyan experiences this new world with a freshness of vision.

In this urgent outpouring of American voices, our poets speak to us as they shelter in place, addressing our collective fear, grief, and hope from eloquent and diverse individual perspectives. As the novel coronavirus and its devastating effects began to spread in the United States and around the world, Alice Quinn reached out to poets across the country to see if, and what, they were writing under quarantine. Moved and galvanized by the response, the onetime New Yorker poetry editor and recent former director of the Poetry Society of America began collecting the poems arriving in her inbox, assembling this various, intimate, and intricate portrait of our suddenly altered reality. In these pages, we find poets grieving for relatives they are separated from or recovering from illness themselves, attending to suddenly complicated household tasks or turning to literature for strength, considering the bravery of medical workers or working their own shifts at the hospital, and, as the Black Lives Matter movement has swept the globe, reflecting on the inequities in our society that amplify sorrow and demand our engagement. From fierce and resilient to wistful, darkly humorous, and emblematically reverent about the earth and the vulnerability of human beings in frightening times, the poems in this collection find the words to describe what can feel unspeakably difficult and strange, providing wisdom, companionship, and depths of feeling that enliven our spirits.
